Critical Representations of Work and Organization in Popular Culture Carl Rhodes, Robert Westwood, 2007-12-21. This book challenges traditional organizational theory, looking to representations of work and organizations within popular culture and the ways in which these institutions have also been conceptualized and critiqued there. Through a series of essays, Rhodes and Westwood examine popular culture as a compelling and critical arena in which the complex and contradictory relations that people have with the organizations in which they work are played out. By articulating the knowledge in popular culture with that in theory, they provide new avenues for understanding work organizations as the dominant institutions in contemporary society. Rhodes and Westwood provide a critical review of how organizations are represented in various examples of contemporary popular culture. The book demonstrates how popular culture can be read as an embodiment of knowledge about organizations, often more compelling

than those common to theory and explores the critical potential of such knowledge and the way in which popular culture can reflect on the spirit of resistance carnivalisation and rebellion *Dictionary of Media and Communication Studies* James Watson, Anne Hill, 2015-10-22 The Dictionary of Media and Communication Studies has provided students and the general public alike with a gateway into the study of intercultural communication public relations and marketing communications since 1984 In this 9th edition James Watson and Anne Hill provide a detailed compendium of the different facets of personal group mass media and internet communication that continues to be a vital source of information for all those interested in how communication affects our lives They cover new applications and developments such as the incorporation of Neuroscience techniques in advertising and marketing Other updates include Cyber bullying Twitter scandals conduct in media organizations on line lobbying global protesting petitioning and gender issues relating to social media in general While new entries explore the profound shifts that have taken place in the world of communication in recent years the purpose of this new edition is not necessarily to keep abreast of every new media event but to reflect the trends that influence and prompt such events such as the Leveson Inquiry and Report and phone hacking via mobile phones Politics seems to be playing out more on Twitter than in The Times This volume seeks to make its twenty first century readers more media literate as well as more critical consumers of modern news **Qualitative Research Methods for Media Studies** Bonnie S.
