

Hog Harley Davidson Owners Group

Donny Petersen

Hog Harley Davidson Owners Group:

The Harley-Davidson Story Aaron Frank, 2018-11-20 The Harley Davidson Story Tales from the Archives is a fascinating visually driven overview of the motor company's rich story created in cooperation with the Harley Davidson Museum. The story of Harley Davidson is a classic American tale of spirit, invention, and the right idea at the right time. From its beginning in a small Milwaukee shed in 1903, William Harley and his cousins, the Davidson brothers, set in motion what would eventually become the world's most iconic motorcycle company. While other motorcycle companies rose and fell through the teens and 1920s, Harley went from strength to strength, whether introducing its first V-twin motor or dominating race tracks across America. The Milwaukee Miracle even prospered during WWII, building war bikes for the armed forces. By the 1950s, they'd buried their last American-built competitor, Indian, and gained a hold over the US market that they maintain to this day. A remarkable story deserves a remarkable space to recount it. Such is the Harley Davidson Museum in Milwaukee, which opened in 2009. Harley Davidson partnered with Motorbooks to create this book, relaying Harley Davidson's story as told through the museum's displays and archive assets.

Donny's Unauthorized Technical Guide to Harley-Davidson, 1936 to Present Donny Petersen, 2012-08 Donny Petersen, who studied privately with Harley Davidson engineers, shares practical knowledge and street-wise tips in the fifth volume of his unauthorized guide on the best motorcycle maker in the world. Written in straightforward language, this guide can help even a motorcycle novice to become an expert mechanic by following Donny's step-by-step instructions. Whether you're looking for detailed service procedures such as fitting engine bearings or simple tips on maintenance, Donny is eager to share the expertise he's stockpiled on the Shovelhead over the last forty years. Donny shares real stories so you can find solutions to whatever is ailing your Shovelhead. Resolve teething problems, troubleshoot problematic aspects of the engine, and fix whatever comes up with various models. Gear ratios, torque multiplication, and H-D and aftermarket tools of the day are prominent in the guide, which even includes information on tools Donny invented himself to make your life easier. Get the specifications for tightening all the Shovelhead fasteners and adjustments to mechanisms on various bikes. In his usual forthright manner, Donny makes technical issues understandable, interspersing explanations with entertaining stories about the hard-core lifestyle that comes with being a Harley rider.

How To Ride A Harley Pasquale De Marco, 2025-07-25 How to Ride a Harley is the definitive guide to riding and owning a Harley Davidson motorcycle. Whether you're a new rider or an experienced veteran, this book has something for you.
