How To Teach Grammar Thornbury:

How to Teach Grammar, 1999 Teaching Grammar in the English Language Classroom Gusti Astika, 2025-08-24

Teaching Grammar in the English Language Classroom From Theory to Practice is a comprehensive guide for educators seeking to bridge the gap between grammar theory and effective classroom practice. This book explores grammar not merely as a set of rules to be memorized but as a dynamic tool for communication and language development. Grounded in both traditional and contemporary approaches, it provides teachers with the knowledge, strategies, and practical tools to teach grammar in engaging, meaningful ways. The book begins by defining grammar and its essential components: morphology, syntax, and patterns, highlighting its central role in language competence and its interplay with reading, writing, speaking, and listening. It then explores key theories of grammar acquisition, from behaviorist drills to cognitive processing, Krashen's Input Hypothesis, Swain's Output Hypothesis, usage-based approaches, and sociocultural perspectives, helping teachers understand how learners internalize grammatical structures. Practical approaches to teaching grammar are presented with clarity, including deductive and inductive methods, focus on form versus focus on meaning, explicit and implicit instruction, and task-based learning models. The book emphasizes integrating grammar into communicative language teaching using techniques such as dictogloss, input enhancement, and information gap tasks to balance accuracy with fluency. Innovative tools and methods are explored, including corpus-based instruction, data-driven learning, technology-enhanced teaching, AI-supported feedback, and gamified activities. Detailed guidance is provided on selecting and sequencing grammar content, designing lessons, assessing grammar knowledge, and tailoring instruction for diverse learner groups, from young learners to academic English students. Beyond methods and tools, the book encourages reflective practice, offering strategies for lesson reflection, action research, peer observation, and professional growth. It also situates grammar teaching within contemporary frameworks, including CEFR standards, CLIL, genre-based approaches, and systemic functional linguistics. Finally, the book looks ahead to the future of grammar teaching, highlighting trends such as adaptive learning, multimodal instruction, and AI-supported personalization, urging educators to rethink grammar as patterning for meaning in an ever-evolving classroom. Designed for pre-service and in-service teachers, teacher educators, and curriculum developers, *Teaching Grammar in the English Language Classroom: From Theory to Practice* is both a practical handbook and an inspiring guide, equipping teachers to foster confident, competent, and communicative language learners. How to Teach English Jeremy Harmer, 2007

Demonstration clips of good teaching practice for all language skills also includes discussions and teacher reflection.

TEACHING ENGLISH GRAMMAR: A Compilation of Sample Lesson Plans Antonina Anggraini Setiamunadi, Maria Christina Eko Setyarini, Wimbo Pambudi Wicaksono, Yessica Florentina, 2022-12-29

This book contains some sample lesson plans to teach grammar based on the three approaches of grammar teaching suggested by Thornbury in his book *How to teach grammar* 1999. Since teaching English grammar is one of the skills that needs to be mastered by not only English

teachers but also by the future English teachers student teachers they need to be equipped with the skill of grammar teaching The sample lesson plans written in this book were developed by focusing on the three different approaches suggested by Thornbury i e either by teaching grammar from rules from examples or through texts Hopefully the sample lesson plans in this book can give some practical ideas to teachers or student teachers to teach several English grammatical structures or to teach other grammatical structures using the steps shown in the sample lesson plans
