I am **learning** to write a report that will provide information about my subject to the reader.

To be **successful** I will need to...

- clearly explain what I am writing about in my title
- begin with a classification, definition or general comment in my opening statement
- write paragraphs that describe such things as appearance, behaviour, habitat, food, predators and life cycle of the subject
- use factual language
- write in the timeless present tense
- use action verbs to describe behaviours
- summarise the information in my final paragraph
- include tables, pictures, diagrams to add more information
- write an interesting statement to end my report
