Homeland Security George Haddow, Jane Bullock, Damon Coppola, 2012-08-28. *Homeland Security: The Essentials* expertly delineates the bedrock principles of preparing for, mitigating, managing and recovering from emergencies and disasters. Taking as its starting point the content included in *Introduction to Homeland Security* Fourth Edition by the same author team, this new textbook lays a solid foundation for the study of present and future threats to our communities and to national security and challenges readers to imagine more effective ways to manage these risks. This concise version outlines the risks facing the US today and the structures we have put in place to deal with them. From cyber warfare to devastating tornados to car bombs, all hazards currently fall within the purview of the Department of Homeland Security. Yet the federal role must be closely aligned with the work of partners in the private sector. This book examines the challenges involved in these collaborative efforts. It retains the previous version's ample full color illustrations but in a streamlined and more affordable paperback format. A companion website offers material for student use and the instructor support web site includes an online Instructor's Guide complete with chapter summaries and a test bank containing multiple choice, true or false questions and essay questions. PowerPoint Lecture Slides and Interactive Video and other new case study material created for this text. The BH Learning Library offers support for teaching your students the key skills of critical thinking, writing and research. This book will appeal to students in Homeland Security and government modern history programs, government officials and national policy makers, private security and risk assessment professionals, professionals involved in state, federal and private security training programs and emergency management personnel. Highlights and expands on key content from the bestselling textbook *Introduction to Homeland Security* 4th Edition. Concisely delineates the bedrock principles of preparing for, mitigating, managing and recovering from emergencies and disasters. Instructor materials include Learning Library modules to support writing, critical thinking and research skills. Instructor websites offer valuable material for expanding the curriculum including an Instructor's Guide, test banks, PPT Lecture Slides and Interactive Video.
