change pathological developments and second language acquisition *Transnational Land Grabs and Restitution in an Age of the (De-)Militarised New Scramble for Africa: A Pan African Socio-Legal* Warikandwa, Tapiwa V., Nhemachena, Artwell, 2017-09-26 One of the fundamental challenges in deconstructing rethinking and remaking the world from a Pan African vantage point is that some captives have tended to delight in the warmth of the imperial predator's mouth. In other words, some captives forget that the imperial predator's mouth gets warm because empire is eating and heating up from prey on the continent. De Militarisation Transnational Land Grabs and Restitution in an Age of the New Scramble for Africa: A Pan African Socio-Legal Perspective is a book that knocks on key aspects relating to land militarisation, a Post-African World Order and a chaotic Post-God World Order which require critical scholarly and policy attention in the quest to free Africa from centuries-old imperial depredations. The book carefully navigates the imperial entrapments which are designed to focus African attention only on decolonising African minds without also engaging in the imperially more unsettling decolonisation of African materialities. Manual of Romance Forensic Linguistics Victoria Guillén-Nieto, Dieter Stein, 2025-06-02 It is evident that published serious science-based work in Forensic Linguistics is predominantly written in English and focuses on casework from the English-speaking world. While the first aspect is understandable given that English serves as an international lingua franca in scientific discourse, the second aspect presents a significant limitation for the field. Should researchers assume that there is simply less crime in non-English speaking areas of the world? A more pertinent question might be: What cultural disciplinary, legal or legal-cultural factors contribute to the lack of research in and on languages other than English? In addition to addressing the underrepresentation of Romance languages in scientific publications related to forensic work, the chapters in this handbook will also explore the reasons behind this unfortunate situation. Designed to engage readers whether they are linguists, legal professionals or simply interested individuals and to spark interest in Romance Forensic Linguistics, this handbook follows three key objectives. First, we are committed to providing a comprehensive overview of the casework and research conducted in and on several Romance languages including Peninsular Spanish, Catalan, Brazilian Portuguese, French, Canadian French, Italian and Romanian. Second, the chapters in this volume seek to understand why Forensic Linguistics has thrived more in some Romance-speaking countries than in others. Finally, we aim to uncover the reasons for the slower development of Forensic Linguistics in regions where Romance languages are predominantly spoken. *Bradstreet's Weekly*, 1916 **Coffee Culture** Catherine M. Tucker, 2017-01-20 *Coffee Culture: Local experiences, Global Connections* explores coffee as 1 a major commodity that shapes the lives of millions of people, 2 a product with a dramatic history, 3 a beverage with multiple meanings and uses: energizer, comfort food, addiction, flavouring and confection, 4 an inspiration for humor and cultural critique, 5 a crop that can help protect biodiversity yet also threaten the environment, 6 a health risk and a health food, and 7 a focus of alternative trade efforts. This book presents coffee as a commodity that ties the world together from the coffee producers and pickers who tend the plantations in tropical nations to

the middlemen and processors to the consumers who drink coffee without ever having to think about how the drink reached their hands
