Performances of Suffering in Latin American Migration Ana Elena Puga, Víctor Espinosa, 2020-04-09

This book questions the reliance on melodrama and spectacle in social performances and cultural productions by and about migrants from Mexico and Central America to the United States. Focusing on archetypal characters with nineteenth century roots that recur in the twentieth and twenty first centuries: heroic saviors, saintly mothers and struggling fathers, martyred children and rebellious youth, it shows how theater practitioners, filmmakers, visual artists, advocates, activists, journalists and others who want to help migrants often create migrant melodramas: performances that depict their heroes as virtuous victims at the mercy of evil villains. In order to gain respect for the human rights that are supposedly already theirs on paper and participate in a global market that trades in performances of suffering, migrants themselves sometimes accept the roles into which they are cast or even cast themselves. Some express their suffering publicly often on demand. Others find ways to twist, parody, resist or reject migrant melodrama. Timely, beautifully written and deeply researched, Puga's and Espinosa's study captures the complex nuances of how performance scholars and ethnographers grapple with telling stories of and bearing witness to trauma. They invite scholars to re-imagine the narrative genres into which histories of migration are often coerced. They question how familiar forms such as melodrama can empower or dis-empower individuals struggling to share their stories and change their circumstances. Their thoughtful work offers a compassionate and erudite model for performance ethnographers.

Heather S. Nathans, Alice and Nathan Gantcher, Professor in Judaic Studies, Tufts University. In their penetrating analysis, Puga and Espinosa show how militarized borders, neoliberal economics, exclusionary immigration policies and rising nativism have combined to create an ongoing melodrama in which migrants, journalists and rescuers perform scripted roles as martyrs, saints and heroes in an effort to sway a global audience of onlookers. Although the protagonists in this melodrama seek to relieve the suffering of migrants by valorizing their pain and using it as a currency in a political economy of suffering, the authors' sympathetic but critical analysis reveals both the promise and perils of this emotive strategy. Their analysis is essential to understanding how immigration is portrayed and perceived in the world today.

Douglas S. Massey, Henry G. Bryant, Professor of Sociology and Public Affairs, Princeton University. Ana Elena Puga and Víctor M. Espinosa's *Performances of Suffering* is well researched and compellingly theorized collaboration which reveals the affective labor performed by with and for migrants in the United States and Mexico. In these perilous times, the lessons that this book teaches us about the performance of melodrama as a key aspect of obtaining justice and care for migrants throughout the hemisphere are crucial to understanding representations of migrant crises in our contemporary social media performance and advocacy movements.

Patricia Ybarra, Professor of Theatre Arts and Performance Studies, Brown University. In this fascinating book, Puga and Espinosa illuminate the political economy of suffering among Latin American migrants. This is a timely and important work to

understand how migrants the state humanitarian workers and the media all perform the melodrama of the suffering migrant

The Ethics of the Story David Craig,2006-10-10 The best journalists are masters at their craft With a comma and a colon a vivid verb and a colorful adjective they not only convey important information but also create a sense of place and evoke powerful emotions A compelling story can shape_for good or ill_the way a reader understands people events and issues The Ethics of the Story examines the ethical implications of narrative techniques commonly used in journalism not just literary journalism but also news and feature writing The book draws on interviews with 60 talented

journalists including Pulitzer Prize winners to offer practical advice about ethical choices in writing and editing Much has been written about journalism ethics but the discussion has often focused on spectacularly bad decisions_ such as Jayson Blair's and Jack Kelley's use of fraudulent narrative_ rather than the ethical dimension of day to day choices about the building blocks of journalistic storytelling The Ethics of the Story fills a gap in current work on ethics writing and editing It will enlighten any serious wordsmith with a story to tell
