B. Key Features of a Parabola:

$$y = ax^2 + bx + c$$

- Direction of Opening:** When $a > 0$, the parabola opens _____;
When $a < 0$, the parabola opens _____.
- Width:** When $|a| < 1$, the parabola is _____ than $y = x^2$.
When $|a| = 1$, the parabola is the _____ width as $y = x^2$.
When $|a| > 1$, the parabola is _____ than $y = x^2$.
- Vertex:** The highest or lowest point of the parabola is called the vertex, which is on the axis of symmetry. To find the vertex, plug in $x = \frac{-b}{2a}$ and solve for y . This yields a point (____, ____).
- Axis of symmetry:** This is a vertical line passing through the vertex. Its equation is: $x = \frac{-b}{2a}$.
- x-intercepts:** are the 0, 1, or 2 points where the parabola crosses the x-axis. Plug in $y = 0$ and solve for x .
- y-intercept:** is the point where the parabola crosses the y-axis. Plug in $x = 0$ and solve for y .

Factoring Tribunals Chapter 4:

Atrocity, Punishment, and International Law Mark A. Drumbl, 2007-04-30 This book argues that accountability for extraordinary atrocity crimes should not uncritically adopt the methods and assumptions of ordinary liberal criminal law Criminal punishment designed for common criminals is a response to mass atrocity and a device to promote justice in its aftermath This book comes to this conclusion after reviewing the sentencing practices of international national and local courts and tribunals that punish atrocity perpetrators Sentencing practices of these institutions fail to attain the goals that international criminal law ascribes to punishment in particular retribution and deterrence Fresh thinking is necessary to confront the collective nature of mass atrocity and the disturbing reality that individual membership in group based killings is often not maladaptive or deviant behavior but rather adaptive or conformist behavior This book turns to a modern and adventurously pluralist application of classical notions of cosmopolitanism to advance the frame of international criminal law to a broader construction of atrocity law and towards an interdisciplinary contextual and multicultural conception of justice

It identifies those problems that need to be considered by injured parties, defendants, judges and policy makers when dealing with cross border private antitrust damages claims in a global context. It considers the post Brexit landscape and the implications in cross border private proceedings before the English courts and suggests how the legal landscape should be developed. It also sets out how private international law techniques could play an increasingly important role in private antitrust enforcement. Comprehensive and rigorous, this is required reading for scholars of both competition litigation and private international law. *Global War Crimes Tribunal Collection: The Rwanda Tribunal, 1997* Assessing the Effectiveness of International Courts Yuval Shany, 2014. Casanova, 2005. On 31 July 2003 the Senate and on July 24 the House passed H R 2739 United States Singapore Free Trade Agreement Implementation Act which is to implement the U S Singapore Free Trade Agreement FTA. The FTA would with a phase in period eliminate tariffs on all goods traded between the United States and Singapore, cover trade in services and protect intellectual property rights. The agreement has received support from the business community and consumer organisations but has been criticised by labour and some environmental interests. Some of the specific concerns raised deal with the restrictions on penalties for unresolvable disputes over labour and environmental issues, the Integrated Sourcing Initiative, potential capital controls, temporary visas and access for U S exports of chewing gum. Since Singapore is a relatively small economy the economic effects of the U S Singapore Free Trade Agreement by themselves are not likely to be great. Free trade interests who would benefit from more liberalised trade, particularly in services and labour, or anti globalisation interests who oppose more FTA s because of the overall impact of imports on jobs and the general effects of globalisation on income distribution, certain jobs and the environment. Specific provisions of the agreement also have generated debate. This book discusses the problems and issues that the Free Trade Agreement has brought up. **Corporation Tax Act 2010** Great Britain, 2010-03-10. Royal assent 3rd March 2010. system Yet they do so under increasing pressure from the governments Based on one of the most comprehensive and systematic empirical and doctrinal studies of international trade and investment adjudication this book asks which tools adjudicators turn to when faced with this dilemma Dr Nicola Strain provides new insights on the design choices and normative goals of international economic adjudication explaining how adjudicators end up consistently inconsistent in their application of international law even within the more technocratic WTO regime Beyond Ethnicism Wairimu Nderitu,2015-12-29 The manual Beyond Ethnicism Exploring Racial and Ethnic Diversity for Educators a first of its kind in Kenya speaks to the key issues of ethnic and racial belonging that are such a key determining factor in defining and dividing Kenyans These two issues influence many social economic and especially political decisions The manual transcends the limitations of current discussions on ethnicism and racism Questions of ethnic and racial belonging are connected to some of the deepest moral and political decisions of our time Belonging is an emotional subject that as a country citizens should not lose capacity to discuss coherently An educator who wanted to know how to end ethnicism and racism inspired the writing of this manual Ethnic and racial favoritism as well as discrimination have seeped into the Kenyan education system Educators sit in staff rooms as members of political parties or ethnic communities and sometimes consciously or unconsciously perpetuate ethnic and racial stereotypes and prejudices Educators find talking about ethnicism and racism difficult They do not know where to begin yet they can recognise ethnicism and racism in learners Sometimes they practice it themselves favouring or discriminating learners on the basis of ethnicity or race Educators are sometimes helpless in arresting ethnicist and racist practices in their learners or themselves as they do not have the tools to do so This manual is a practical resource which assists educators in contextualising ethnic and race related concerns without undermining the human rights it also helps in creating the space for discourse amongst educators on how to combat ethnicism and racism It asks rarely addressed critical and significant questions on the meaning of ethnic and racial belonging The manual addresses the arresting of stereotypes and prejudice before they morph into actual discrimination and sometimes violence **Beyond Ethnicism** Nderitu, Alice Wairimu,2018-12-14 The manual Beyond Ethnicism Exploring Racial and Ethnic Diversity for Educators a first of its kind in Kenya speaks to the key issues of ethnic and racial belonging that are such a key determining factor in defining and dividing Kenyans These two issues influence many social economic and especially political decisions The manual transcends the limitations of current discussions on ethnicism and racism Questions of ethnic and racial belonging are connected to some of the deepest moral and political decisions of our time Belonging is an emotional subject that as a country citizens should not lose capacity to discuss coherently An educator who wanted to know how to end ethnicism and racism inspired the writing of this manual Ethnic and racial favoritism as well as discrimination have seeped into the Kenyan education system Educators sit in staff rooms as members of political parties or ethnic communities and sometimes consciously or unconsciously perpetuate ethnic and racial stereotypes and prejudices Educators find talking about ethnicism
