scarce and difficult to find original factory publications for the Bridgestone 350GTR and 350GTO series of motorcycles. The factory publications included are The 350GTR Technical Handbook Workshop Manual publication number T7350E, The 350GTR Parts Catalogue publication number P7350WO, The 350GTO Parts Catalogue publication number P9350GTOWO, plus the appropriate pages from Tuning Up for Competition publication number L8TUP. During the time they were in production, Bridgestone Motorcycles published Technical Handbooks or more appropriately Workshop Manuals for their various models. These factory issued workshop manuals were produced in small quantities and are scarce and difficult to find in today's market. In addition, the factory also published Parts Catalogues which included exploded parts diagrams that are a useful tool for restoration work or even general maintenance tasks. These factory Parts Catalogues were also reprinted by Rockford Motors, but unfortunately many of the diagrams were reduced in size, some to less than a quarter page, making the details difficult to see. This manual also includes a reprint of the original factory Bridgestone 350 GTR 350GTO Parts Catalogues with full page exploded parts diagrams. Rockford Motors also published repair manuals, but unfortunately the quality of the images were degraded in the reprint process that was available at that time, and some of them are so poor that they are of little use. By utilizing both the original factory Technical Handbook and Parts Catalogues in the production of this combined manual, we have hopefully provided the reader with quality enhanced images that are far superior to those in the earlier Rockford reprints. As can be expected from a factory publication, there is adequate detailed text and diagrams to assist in major refurbishing or even a complete mechanical renovation, making it an invaluable resource for collectors of these iconic motorcycles, and we are pleased to be able to offer this reprint as a service to all Bridgestone 350GTR 350GTO owners and enthusiasts worldwide.
