Did I Hear My Name Whispered on the Wind? Mike Beirens, 2019-04-04 This book was written from the point of helping people of all walks of life Remember just one of life's little details can change life's meaning The power of faith the power of love and the power of the human spirit they are as far apart as they can be in this life Yet it's these three elements that when combined can change who you are and what you can be There is an expression through mortal eyes and it is based on this fact and is true The whole of the human race must realize that they can only look at life through mortal eyes You would be surprised not only at what you would see but also at what you would encounter if you allow yourself to be immersed in your life's story As you read this book and mix with humanity you will see that there are a great many people that are handicapped Some of the handicaps are visibly Other are not so visible A great many people may need someone like you to reach out and share yourself with them Help someone open the door to his or her full potential Help them not feel awkward or uncomfortable when they share a story or a joke It may not be funny to you but laugh anyway or at least smile There is no tax or charge Life is full of opportunities to share yourself from family members to friends or just an acquaintance Make it a goal to give someone a hug today Tell someone you love them every day Remember that it takes great courage to expose the real self Allow yourself the opportunity to get to know the greatest person in your earthly life yourself *Christian Eternalism* Armon Eaton, 2020-07-24 John A Widtsoe said The Gospel may be said to be The philosophy of Eternalism The Gospel is immersed in the ocean of eternity Neal A Maxwell said Eternalism is defined as that view of man and the universe which not only acknowledges but exults in the existence of a Heavenly Father Eternalism focuses on the individual and on those processes in which the individual is taught correct principles and then is given optimum opportunity to govern himself For those who believe we are all going to be around forever it is both natural and wise to concern ourselves with such questions

and also with such principles which are also going to be around forever These quotes involving the word Eternalism indicate a deep philosophical foundation underlying everything about the restored gospel of Jesus Christ This book describes some of the philosophical foundations of what Latter day Saints call the Restoration In the broadest sense philosophy is concerned with mankind s relationship to existence whereas theology is concerned with mankind s relationship to God Both philosophy and theology are important to Latter Day Saints because one s view of God is greatly influenced by one s view of reality Eternalism then in the broadest sense is Latter day Saint theology explained within a philosophically sound structure

Gospel Fictions Randel Helms,2009-12-02 Are the four canonical Gospels actual historical accounts or are they imaginative literature produced by influential literary artists to serve a theological vision In this study of the Gospels based upon a demonstrable literary theory Randel Helms presents the work of the four evangelists as the supreme fictions of our culture self conscious works of art deliberately composed as the culmination of a long literary and oral tradition Helms analyzes the best known and the most powerful of these fictions the stories of Christ s birth his agony in the Garden of Gethsemane his betrayal by Judas his crucifixion death and resurrection In Helms exegesis of the Gospel miracle stories he traces the greatest of these the resurrection of Lazarus four days after his death to the Egyptian myth of the resurrection of Osiris by the god Horus Helms maintains that the Gospels are self reflexive they are not about Jesus so much as they are about the writers attitudes concerning Jesus Helms examines each of the narratives the language the sources the similarities and differences and shows that their purpose was not so much to describe the past as to affect the present This scholarly yet readable work demonstrates how the Gospels surpassed the expectations of their authors influencing countless generations by creating a life enhancing understanding of the nature of Jesus of Nazareth The Divine Virtues: 14 Values to Live By

grace and love to his own soul It is often said that dynamite comes in small packages This little book fulfills that adage It will prove to be a living explosion of relevant and practical strength and encouragement from the Source of all wisdom Jesus Christ as it flows into your soul and spirit You will touch Gods heart of love as you read Peters first hand responses to Gods Loving instructions and promptings during his early morning quiet times with the Lord His deeply personal and practical commitment to and his undeniable love for God will challenge you to walk the walk with him When you know the story of Gods love in his life you will understand more fully why Peter often says his greatest desire is to finish his race strong for the
