Lab, 2010-02-02 For a free 30 day online trial to this title visit [www.sagepub.com/freetrial](http://www.sagepub.com/freetrial) In many ways the two fields of victimology and crime prevention have developed along parallel yet separate paths and the literature on both has been scattered across disciplines as varied as sociology law and criminology public health and medicine political science and public policy economics psychology and human services and others The Encyclopedia of Victimology and Crime Prevention brings together in one authoritative resource the dispersed information and knowledge on both victimology and crime prevention With nearly 375 entries this two volume set moves victimology and crime prevention one step further into recognized scholarly fields whose research informs practice and whose practice informs research Key Features Provides users with the most authoritative and comprehensive coverage available on victimology and crime prevention Presents

victimology and crime prevention as their own separate justifiable disciplines rather than subfields within more established disciplines Discusses the status of victims within the criminal justice system as well as topics of deterring and preventing victimization in the first place and responding to victims needs Offers anchor essays written by leading scholars in their respective fields to provide starting points for investigating the more salient victimology and crime prevention topics Key Themes Business Prevention Actions Civil Justice System Correlates of Victimization Courts Alternative Remedies Courts Law and Justice Crime Prevention Crime Prevention Partnerships Criminal Justice System Fear of Crime Individual Protection Actions Interventions and Intervention Programs for Victim and Offender Intrafamilial Offenses Legislation and Statutes Media and Crime Prevention Methodology Offenses Special Topics Official Crime Data Personal Offenses Property Offenses Psychological Mental and Physical Health Issues Residential Community Crime Prevention School and Workplace Offenses School Based Crime Prevention Services and Treatment for Victims Theory Victimization Scales and Surveys Victimology Youth Focused Crime Prevention The victimology crime prevention nexus provides the foundation for a comprehensive and hopefully long lasting approach to addressing the public s risk of being victimized and aids individuals who are targeted by a criminal act This is a welcome addition to any academic library The availability in print and electronic formats provides students with convenient easy access wherever they may be The Humble Art of Journal Editing Robert M.

Davison,2024-04-30 The publication of scholarly research is both a major driver of social progress and a significant industry in its own right Scholarly research is the focus of attention for countless numbers of scholars globally and a key measure of scholarly excellence Much has been written about the conduct of research that is designed to help scholars attain appropriate standards of rigor and relevance and indeed craft their research outputs in ways appropriate for different venues notably as journal articles conference papers book chapters and books However although scholarly researchers fulfill roles other than as authors for instance as journal reviewers and editors there is a dearth of consolidated information about the nature of editorial work Drawing on over two decades of experience in editing scholarly journals the author offers a more systematic guide to scholarly journal editing The book begins with an introduction to the art of scholarly journal editing the nature of that art Chapter 1 and an examination of editorial promulgation of cultural values of scholarly journals with an emphasis on responsible research Chapter 2 Chapter 3 examines the many issues associated with sourcing content and opines on the novelty breadth and depth of research including discussions of indigenous theorization serendipity iconoclastic research and the value of special issues Chapter 4 deals with the review process and offers advice for formulating effective reviewer guidelines that lead to constructive and developmental advice for authors The next two chapters discuss the audience of the journal as well as publisher relations Finally the book is concluded with thoughts and recommendations about emerging challenges such as the ethics of AI tools like ChatGPT predatory journals and the open access movement Offering a practical guide to editing scholarly journals this book will be a key resource for scholars making the leap from
