Funemployment Busking For Fun And Profit

Clifford Lane

Funemployment Busking For Fun And Profit:

The Polymath Waqas Ahmed, 2019-01-04 Every human is born with multifarious potential. Why then do parents, schools, and employers insist that we restrict our many talents and interests to just one? We've been sold a myth that to specialise is the only way to pursue truth, identity, or even a livelihood. Yet specialisation is nothing but an outdated system that fosters ignorance, exploitation, and disillusionment and thwarts creativity, opportunity, and progress. Following a series of exchanges with the world's greatest historians, futurists, philosophers, and scientists, Waqas Ahmed has weaved together a narrative of history and a vision for the future that seeks to disrupt this prevailing system of unwarranted hyper specialisation. In *The Polymath*, Waqas shows us that there is another way of thinking and being. Through an approach that is both philosophical and practical, he sets out a cognitive journey towards reclaiming your innate polymathic state. Going further, he proposes nothing less than a cultural revolution in our education and professional structures whereby everyone is encouraged to express themselves in multiple ways and fulfil their many-sided potential. Not only does this enhance individual fulfilment, but in doing so, it facilitates a conscious and creative society that is both highly motivated and well equipped to address the complexity of 21st-century challenges. *Town & Country Planning*, 1984

This is likewise one of the factors by obtaining the soft documents of this **Funemployment Busking For Fun And Profit** by online. You might not require more become old to spend to go to the books creation as skillfully as search for them.
