Manual G R Swift,2024-10-24 This book is not a DIY book it is not a buyer s guide This book is a collection of my experiences
as an appliance technician Ultimately it contains the majority of the most common issues maintenance and repairs I ve done
over a 20 year career This is a book that gives you a peek inside the appliance repair industry guides you through all the
things mom and dad didn t know how to answer about appliances for you My goal is not to create a dry technical repair
manual but rather something of a conversation that gives you the tools in the form of knowledge to understand the how and
why these things work and eventually break I ve based most of this information on what I would look for when arriving at a
clients home and assessing the situation I ve had these exact conversations thousands of times over these are the things I
would have told you if I came to your home to fix something that has gone awry Step-by-step Repair Manual Plus
