Hegemony and Resistance Around the Iranian Nuclear Programme Moritz Pieper, 2017-04-21 This book is the first to provide comprehensive and comparative analyses to conceptualise the interaction between hegemonic structures and those actors resisting them using the Iranian nuclear case as an illustration It analyses the foreign policies of China Russia and Turkey towards the Iranian nuclear programme and thereby answers the question to what extent these policies are indicative of a security culture that resists hegemony Based on 70 elite interviews with experts and decision makers closely involved with the Iranian nuclear file it analyses resistance to hegemony across its ideational material and institutional framework conditions *Catalogue of British Official Publications Not Published by HMSO.*, 1989

Assessing Academic Literacy in a Multilingual Society Albert Weideman, John Read, Theo du Plessis, 2020-11-02 South African universities face major challenges in meeting the needs of their students in the area of academic language and literacy The dominant medium of instruction in the universities is English and to a much lesser extent Afrikaans but only a minority of the national population are native speakers of these languages Nine other languages can be media of instruction in schools which makes the transition to tertiary education difficult enough in itself for students from these schools The focus of this book is on procedures for assessing the academic language and literacy levels and needs of students not in order to exclude students from higher education but rather to identify those who would benefit from further development of their ability in order to undertake their degree studies successfully The volume also aims to bring the innovative solutions designed by South African educators to a wider international audience

Essentials of ADHD Assessment for Children and Adolescents Elizabeth P. Sparrow, Drew Erhardt, 2014-03-24 A comprehensive approach to accurate ADHD diagnosis In Essentials of ADHD Assessment in Children and Adolescents the authors provide a clear and informative road map for practitioners seeking to conduct state of the art assessments for one of the most common disorders of childhood Drawing upon years of experience in conducting diagnostic evaluations of ADHD following best practice standards they emphasize the importance of a comprehensive evaluation incorporating data from multiple sources using multiple methods and interpreting findings within the appropriate

developmental and cultural contexts The major components of an ADHD evaluation interviews rating scales cognitive testing observation record review are reviewed in detail Expert guidance is provided for resolving the most common challenges in assessing ADHD including differentiating symptoms from normal development dealing with discrepant data differential diagnosis and considering comorbidity The latest scholarly literature is integrated with the authors practical recommendations to provide clinicians with the concepts and tools needed for effective and accurate assessment of ADHD addressing such topics as When inattention is ADHD and when it may be emotional or neurological Which disorders may masquerade as or present with ADHD The elements of accurate ADHD testing and the reasons behind them Integrating results of a multi modal approach into an ADHD assessment An indispensable professional resource for practicing clinicians Essentials of ADHD Assessment for Children and Adolescents is a reader friendly guide to providing a thorough responsible ADHD evaluation

Ugandan English Christiane Meierkord,Bebwa Isingoma,Saudah Namyalo,2016-10-20 Ugandan English is a variety that has scarcely been noticed in past research This timely volume brings together African and European scholars in a first ever collection of articles that offer comprehensive discussions of the historical and present day sociolinguistics of English in Uganda and fine grained analyses of the structural characteristics of and attitudes to this hitherto largely unknown variety Using rich archive corpus and interview data as well as ethnographic and observational methods the various contributions paint a comprehensive picture of Ugandan English as distinct from other East African Englishes and as characterized by nativisation despite a still strong exonormative orientation reflecting the modern nation s status as a post protectorate under the influence of globalisation Apart from advancing our understanding of Ugandan English itself the individual chapters contribute to theoretical debates on language contact and variation as regards the influence of substrate languages founder populations language ideologies and socio economic factors

Linguistic Influences on Mathematical Cognition Ann Dowker,Hans-Christoph Nuerk,2017-06-16 For many years an abstract amodal semantic magnitude representation largely independent of verbal linguistic representations has been viewed as the core numerical or mathematical representation This assumption has been substantially challenged in recent years Linguistic properties affect not only verbal representations of numbers but also numerical magnitude representation spatial magnitude representations calculation parity representation place value representation and even early number acquisition Thus we postulate that numerical and arithmetic processing are not fully independent of linguistic processing This is not to say that in patients magnitude processing cannot function independently of linguistic processing we just suppose these functions are connected in the functioning brain So far much research about linguistic influences on numerical cognition has simply demonstrated that language influences number without investigating the level at which a particular language influence operates After an overview we present new findings on language influences on seven language levels Conceptual Conceptual properties of language Syntactic The grammatical structure of languages beyond the word level influences Semantic The

semantic meaning or existence of words Lexical The lexical composition of words in particular number words Visuo spatial orthographic Orthographic properties such as the writing reading direction of a language Phonological Phonological phonetic properties of languages Other language related skills Verbal working memory and other cognitive skills related to language representations We hope that this book provides a new and structured overview on the exciting influences of linguistic processing on numerical cognition at almost all levels of language processing

A Ready and Resilient Workforce for the Department of Homeland Security Committee on the Department of Homeland Security Workforce Resilience, Board on Health Sciences Policy, Institute of Medicine, 2013-12-10 The responsibilities of the Department of Homeland Security DHS range from preventing foreign and domestic terrorist attacks securing the nation's borders safeguarding transportation systems responding to natural disasters nuclear detection and more Created in 2002 from a merger that rapidly incorporated parts of eight cabinet departments and 22 government agencies DHS has struggled to integrate its numerous components and their unique cultures While DHS is very accomplished at performing its many missions the nature of the DHS work environment is inherently stressful and employees suffer from low morale A Ready and Resilient Workforce for the Department of Homeland Security Protecting America's Front Line reviews current workforce resilience efforts identifies gaps and provides recommendations for a 5 year strategy to improve DHS Together the current DHS workforce resilience program This report stresses the importance of strong leadership communication measurement and evaluation in the organization and recommends content for a 5 year plan that will promote centralized strategic direction and resource investment to improve readiness and resilience at the department While all DHS component agencies share a common mission each have distinct roles with different stressors attached making implementation of an organization wide resilience or wellness program difficult The recommendations of A Ready and Resilient Workforce for the Department of Homeland Security outline how DHS can focus its efforts on creating a common culture of workforce readiness and resilience while recognizing the distinct proud celebrated cultures of its component agencies

Federal Register ,2013-11 United States International Monetary Fund. Monetary and Capital Markets Department, 2015-07-07 This Technical Note discusses the findings and recommendations made in the Financial Sector Assessment Program for the United States in the areas of systemic risk oversight and management Significant steps have been taken by the U S authorities to reduce risks in a number of areas but progress is most advanced in the area of banking sector resilience and less so in other areas which play a major role in the financial system Further actions are needed to address data gaps resolve remaining impediments to data sharing support coordination and consultation on prudential standards and regulations enhance risk monitoring frameworks and provide additional clarity on the nature and scale of identified emerging systemic threats
