Contributions to Periodicals January June Smart Tests Catherine M. Walker,Edgar Schmidt,Kat Mototsune,2004 High
stakes accountability and the growing move towards standardized testing are placing teacher knowledge and assessment
skills under ever increasing scrutiny Teachers know what is going on in their classrooms and have first hand reliable
evidence of what their students can accomplish They can be the major factor in student assessment and help their students
better demonstrate what they have learned Smart Tests shows educators how to create well structured evaluation tools that
match assessment tasks to the purpose and content of instruction Teachers learn how to relate testing directly to classroom
goals and activities and make assessment an integral part of learning and teaching not just the end result They will find the
information they need to build assessment tasks that give students in grades K 8 the opportunity to succeed These tasks
encourage students to apply new knowledge reflect and defend their thoughts and opinions and connect what they learn the
