The Journal of Education, 1915

Do Not Write off the Least ALEX MATHEW, 2019-08-21 Ordinarily things do not happen the way we want them to happen They do happen the way they happen not because we want them to happen that way but because that's the way things happen We loathe letting things happen in any other way other than how we want them to happen Most of us do not have the time to take a look at ourselves We do not have time to see ourselves This book is for encouraging ourselves to look for the specific purpose of looking to see even the unseen Because we fail to see to know and do not care to understand the existential meaning and ontic purpose of the mode of being in the world we lose our mooring and start practicing undesirable ways of living Some turn into self praisers some get busy creating victims and programing them ignoring and denying the ever present sufficiency of peace and love being blind to it A great take away from this book is that meaningful reflections are within touching distance of everyone one of us we do not have to be professional or trained philosophers to embark on it Rev Dr Valson Thampu
