Persuasive Imagery Linda M. Scott, Rajeev Batra, 2003-04-02 This volume synthesizes and advances existing knowledge of consumer response to visuals Representing an interdisciplinary perspective contributors include scholars from the disciplines of communication psychology and marketing The book begins with an overview section intended to situate the reader in the discourse The overview describes the state of knowledge in both academic research and actual practice and provides concrete sources for scholars to pursue Written in a non technical language this volume is divided into four sections Image and Response illustrates the difficulty encountered even in investigating the basic influences processes and effects of mere exposure to imagery Image and Word presents instances in which the line between words and pictures is blurred such as the corporate logo which is often pictorial in nature but communicates on an abstract level usually attributed to words Image and the Ad contributes to our appreciation for the exquisite variations among advertising texts and the resultant variability in response not only to different ads but among different viewers of the same ad Image and Object carries the inquiry of visual response over the bridge toward object interaction Having traveled a path that has gone from the precise working of the brain in processing visual stimuli all the way to the history of classical architecture readers of this volume will have a new respect for the complexity of human visual response and the research that is trying to explain it It will be of interest to those involved in consumer behavior consumer psychology advertising marketing and visual communication **Financial**

Congress. House. Committee on Government Operations. Commerce, Consumer, and Monetary Affairs Subcommittee,1980

Corporate Structure and Banking Resolution Marcelo J. Sheppard Gelsi,2024-06-06 This book provides a legal analysis of the regulation of bank based financial conglomerates from a structural commercial and regulatory perspective It includes a comparative analysis of the regulation of bank based financial conglomerates from the standpoint of the three

jurisdictions that established a distinct regulatory model i.e Germany the UK and the US At the same time it analyses which banking resolution strategy is most appropriate for different models taking into account four factors applicable to bank insolvency The book further examines the types of capital structure associated with each model and in particular how BBFCs have influenced industry developments in Germany the United Kingdom the United States and the EU While there are several books that focus on the regulation of banks insurance companies and securities firms this book will include the first analysis of BBFC from a structural commercial and resolution standpoint analysing not only the three major jurisdictions but three different BBFC models and will be of particular interest to students researchers and professors of banking and financial institutions
