Indivisible James Robison:

Indivisible James Robison, Jay W. Richards, 2012-02-20 Many books have been written on conservative politics. Many more have been written calling Christians to holiness and spiritual revival. Few, however, have managed to combine a clear explanation of the conservative political perspective with its corresponding personal and spiritual virtue. In **INDIVISIBLE**, James Robison, the founder and president of LIFE Outreach International, partners with Jay Richards, Ph.D., a writer who has appeared in both the *New York Times* and *The Washington Post*. Together they tackle tough, controversial political issues facing conservative Christians today, including abortion, stem cell research, education, economics, health care, the environment, judicial activism, marriage, and others. Written to appeal to a broad spectrum of believers, **INDIVISIBLE** not only argues political questions from a Scriptural standpoint; it also provides simple arguments that Christians can use to support their beliefs in public settings. Most significantly, Robison and Richards recognize that the point of origin for spiritual and moral transformation is the individual. We are convinced by historical precedent that long-term cultural change requires not merely sound thinking and public good works, but rather God's spiritual and moral transformation of us as individuals, which will then transform our churches, our communities, our culture, and ultimately our politics. James Robison is the founder and president of LIFE Outreach International, a worldwide Christian relief organization. He is also the host of *LIFE Today*, a daily syndicated television program that reaches 300 million homes in the U.S., Canada, Europe, and Australia. He is the author of many books, including *The Absolutes*, *True Prosperity*, and *Living in Love*, and has spoken to millions of people through evangelistic crusades since entering public ministry in 1962. Jay W. Richards, Ph.D., is a Senior Fellow at the Discovery Institute and the author of many books, including the award-winning *Money, Greed, and God* and *The Privileged Planet*. He is the executive director of the documentaries *The Call of the Entrepreneur* and *The Birth of Freedom*. He has been featured in the *New York Times* and the *Washington Post* and has appeared on *Larry King Live*. He has also lectured on economic myths to members of the U.S. Congress.

The Stream James Robison, 2016-06-28 *The Stream* provides the refreshing, life-giving water that must begin to flow freely if we are to restore freedom and rebuild America before it's too late. Robison's focus for 2016 and beyond is the restoration of the Christian faith and the renewal of an America whose foundations have eroded. *The Stream* charts a clear path to personal revival and spiritual revolution in our culture, values, morals, and in government. *Darwinian*

Evolution and Classical Liberalism Stephen C. Dilley, 2013-05-02 *Darwinian Evolution and Classical Liberalism* canvasses an array of thinkers from the past to the present as it examines fundamental political, philosophical, ethical, economic, anthropological, and scientific aspects of the ferment between Darwinian biology and classical liberalism. Early chapters focus on classical thinkers like John Locke and Adam Smith, while later chapters provide analyses of present-day classical liberals, focusing especially on F.A. Hayek, Thomas Sowell, and Larry Arnhart, the most prominent advocates of contemporary classical liberalism. Thematically, the volume falls into three parts. Part I examines foundational matters, arguing that Darwinism and

classical liberalism hold incompatible visions of morality human nature and individual autonomy This section also contends that the free market s spontaneous order is fully compatible with a teleological or non Darwinian view of the universe Part II turns to contemporary applications contending that Darwinism and classical liberalism are at odds in their views of or implications about limited government vital religion economic freedom and the traditional family This section also argues that since its inception Darwinism has attenuated core tenets and values of classical liberalism and Western civilization Part III of the volume contains alternative views to those in the first two parts adding critical diversity to the book Respectively these chapters hold that Darwinian evolution simply has little to say about classical liberalism an evolutionary account of human volition is fully compatible with the individual choice presupposed in classical liberalism and evolutionary naturalism unlike religious alternatives provides a strong foundation for freedom morality and the traditional family
