The following is a guideline for valuation of non-cash charitable contributions. When valuing items, take into consideration the condition of the items. If the value of the donated items is \$250 or more to one charity in one day, you are required to obtain a written receipt from the charity (must contain name and address of charity, date, location of contribution, a description of the items donated, and whether any goods or services were provided to you in return for the donation). The receipt must be signed by the charity, and must be in your hands no later than the filing date of your return. With the exception of publicly traded securities, most donations over \$5,000 require a written appraisal.
