W. Arnold, 2022-03-09 Excerpt A missionary religion defined Islam a missionary religion its extent The Qur'an enjoins preaching and persuasion and forbids violence and force in the conversion of unbelievers The present work a history of missions not of persecutions *Islam* Solomon A. Nigosian, 2004-01-29 This compact introduction to Islam describes the essential aspects of Islam as a living religion and social force The book is organized around seven topics the life of Muhammad Islamic political development and territorial expansion the important groupings of Islamic believers Sunni Shi'ite and Sufi the Qur'an the Holy Book of Islam Sunnah Hadith the record of the Prophet's actions and sayings and Shari'ah the compilation of Islamic law the five Articles of Faith and the so called Five Pillars of Islam that govern faith and action and other binding religious observances and festivals The presentation of these seven aspects of Islam strikes a balance between fact tradition current interpretation and commentary S A Nigosian underscores two fundamental points that to understand Islam properly it is necessary to see it as a major faith tradition with Muhammad as the last of a series of messengers sent by

God and that to grasp the spirit of Islam one must recognize its emphasis on an uncompromising monotheism with strict adherence to certain social political and religious practices as taught by the Prophet and elaborated by tradition **Islam**

Sayyid Rizvi,2017-12-09 In the name of Allah the Beneficent the Merciful O Allah send Your blessings upon Muhammad followed by Part II fifteen lessons on Islamic jurisprudence explaining the spiritual and financial issues as well as the social and familial aspects of life it concludes with Part III fifteen lessons on the brief history of the first three centuries covering the lives of the Prophet Muhammad his daughter Fatima and the Twelve Imams of Ahlul Bayt peace be upon them all Each lesson is followed by a question paper Kingdoms of Faith Brian A. Catlos,2018-05-01 A magisterial myth dispelling history of Islamic Spain spanning the millennium between the founding of Islam in the seventh century and the final expulsion of Spain's Muslims in the seventeenth In Kingdoms of Faith award winning historian Brian A Catlos rewrites the history of Islamic Spain from the ground up evoking the cultural splendor of al Andalus while offering an authoritative new interpretation of the forces that shaped it Prior accounts have portrayed Islamic Spain as a paradise of enlightened tolerance or the site where civilizations clashed Catlos taps a wide array of primary sources to paint a more complex portrait showing how Muslims Christians and Jews together built a sophisticated civilization that transformed the Western world even as they waged relentless war against each other and their coreligionists Religion was often the language of conflict but seldom its cause a lesson we would do well to learn in our own time Perspectives on Islamic Faith and History Bashir A. Datto,2006 Islam is both a monotheistic religion and a holistic one its system of inter related beliefs is linked to the observance of ritual practices In addition to bringing its adherents closer to Allah Islam also promotes secular responsibilities toward the environment and fellow human beings whether believers or non believers The 25 essays assembled here the majority from conference proceedings or regional magazines sources not readily accessible to potential readers are meant to give readers a more complete perspective on Islam The pieces discuss topics like Islam's advocacy of social justice and human dignity and the key traits and contributions of its most prominent historical leaders Divided into sections like Insights from the Holy Quran Religious Observances and Civic Society Perspectives on Islamic Faith and History is perfect for anyone hoping to gain a deeper understanding of Islam *The Oxford History of Islam* John L.
