Israel Shamir War Report:

Daily Report, 1993 **Hearings, Reports and Prints of the House Committee on Foreign Affairs** United States. Congress. House. Committee on Foreign Affairs (1789-1975), *Historical Dictionary of Israeli Intelligence* Ephraim Kahana, 2006-04-19 For Israel more so than for any other state an effective Intelligence Community has been a matter of life and death Over the past half century or so Israel has created and refined what is broadly regarded as one of the best intelligence networks in the world It has repeatedly undone efforts by hostile Arab neighbors to defeat it in war foiled countless terrorist attacks contributed to military preparedness and armament production and helped millions of Jews to reach the Promised Land Unfortunately it has also committed some terrible mistakes and made blunders it can ill afford With all of this activity it is no wonder so much has been written about Israeli Intelligence However a handy reference work bringing the various strands together has been sorely needed yet unavailable until now The Historical Dictionary of Israeli Intelligence provides detailed information on the various agencies operations important leaders and operatives and special aspects of tradecraft through a chronology an introduction a dictionary full of cross referenced entries and a bibliography suggesting further reading Daily Report United States. Foreign Broadcast Information Service, 1991 *Holy War* Karen Armstrong, 2001-11-27 The New York Times bestselling author of A History of God skillfully narrates the history of the Crusades with a view toward their profound and continuing influence Holy War brings compassion objectivity breadth and imagination to the most urgent crisis of our time The Boston Phoenix In 1095 Pope Urban II summoned Christian warriors to take up the cross and reconquer the Holy Land Thus began the holy wars that would focus the power of Europe against a common enemy and become the stuff of romantic legend In reality the Crusades were a series of rabidly savage conflicts in the name of piety And as Armstrong demonstrates in this fascinating book their legacy of religious violence continues today in the Middle East where the age old conflict of Christians Jews and Muslims persists *The Iron Wall* Avi Shlaim, 2015-07-30 Avi Shlaim's The Iron Wall Israel and the Arab World is the outstanding book on Israeli foreign policy now thoroughly updated with a new preface and chapters on Israel's most recent leaders In the 1920s hard line Zionists developed the doctrine of the Iron Wall negotiations with the Arabs must always be from a position of military strength and only when sufficiently strong Israel would be able to make peace with her Arab neighbours This doctrine argues Avi Shlaim became central to Israeli policy dissenters were marginalized and many opportunities to reconcile with Palestinian Arabs were lost Drawing on a great deal of new material and interviews with many key participants Shlaim places Israel's political and military actions under and uncompromising lens His analysis will bring scant comfort to partisans on both sides but it will be required reading for anyone interested in this fascinating and troubled region of the world The Iron Wall is strikingly fair minded scholarly cogently reasoned and makes enthralling reading Philip Ziegler Daily Telegraph Anyone wanting to understand the modern Middle East should start by reading this elegantly written and scrupulously researched book Trevor

Royle Sunday Herald A milestone in modern scholarship of the Middle East Edward Said Fascinating Shlaim presents compelling evidence for a revaluation of traditional Israeli history Ethan Bronner The New York Times Book Review Avi Shlaim is Professor of International Relations at St Antony's College Oxford His previous books include *Collusion Across the Jordan* 1988 and *War and Peace in the Middle East* 1995 *Postmodern Imperialism* Eric Walberg, 2011-06-09 Eric Walberg's POSTMODERN IMPERIALISM Geopolitics and the Great Game is a riveting and radically new analysis of the imperialist onslaught which first engulfed the world in successive waves in the 19th 20th centuries and is today hurtling into its endgame The term Great Game was coined in the nineteenth century reflecting the flippancy of statesmen and historians personally untouched by the havoc that they wreaked What it purported to describe was the rivalry between Russia and Britain over interests in India But Britain was playing its deadly game across all of Eurasia from the Balkans and Palestine to China and southeast Asia alternately undermining and carving up premodern states disrupting the lives of hundreds of millions with consequences that endure today With roots in the European enlightenment shaped by Christian and Jewish cultures and given economic rationale by industrial capitalism the inter imperialist competition turned the entire world into a conflict zone leaving no territory neutral The first game was brought to a close by the cataclysm of World War I But that did not mark the end of it Walberg resurrects the forbidden word to scrutinize an imperialism now in denial but following the same logic and with equally horrendous human costs What he terms Great Game II then began with America eventually uniting its former imperial rivals in an even more deadly game to destroy their common revolutionary antagonist and potential nemesis communism Having won this game America and the new player Israel offspring of the early games have sought to entrench what Walberg terms empire and a half on a now global playing field using a neoliberal agenda backed by shock and awe With swift sure strokes Walberg paints the struggle between domination and resistance on a global canvas as imperialism engages its two great challengers communism and Islam its secular and religious antidotes Paul Atwood War and Empire The American Way of Life calls it an epic corrective It is a carefully argued and most of all cliché smashing road map according to Pepe Escobar journalist Asia Times Rigorously documented it is a valuable resource for all those interested in how imperialism works and sure to spark discussion about the theory of imperialism according to John Bell Capitalism and the Dialectic **Our Lady of Sorrow** Israel Shamir, 2005-06 Story of Our Lady statue in Bethlehem destroyed by the Jewish Army and its universal meaning Ideas are not less important than material things oil does not provide the whole explanation of the war in the Middle East faith is not dead and can't die as long as mankind exists Even the belief in the Market forces is just another faith an old established cult of Mammon Faith is not only a personal affair religion still matters probably more than we think *Daily Report, Near East & South Asia*, 1993 Operation Solomon Stephen Spector, 2005-03-15 Operation Solomon was one of the most remarkable rescue efforts in modern history in which more than 14 000 Ethiopian Jews were airlifted to Israel in little more than a day In this riveting volume Stephen Spector offers the definitive account of this

incredible story based on over 200 interviews and exclusive access to confidential documents Written with the pace and immediacy of a novel here is the dramatic story of the rescue of the dark skinned Jews of Ethiopia Spector recounts how 20 000 Jews were willingly lured from their ancestral villages to Addis Ababa expecting to be taken quickly from there to the Holy Land Instead they became pawns in a struggle between the Israeli government and Ethiopia s repressive dictator who tried to coerce Israel into selling him weapons he needed in a losing war against rebel armies In the resulting stalemate the Jewish community was forced to live for nearly a year in squalid hovels vulnerable to the dangers of the city including crime and HIV Worse yet the imminent collapse of Addis Ababa with the rebels closing in on the capital raised the threat of bloody street fighting or even a genocidal attack on the Jews a small minority in a nation that is primarily Christian and Muslim Spector describes the tense negotiations among Israelis Ethiopians and Americans which became increasingly urgent as time ran low and the danger mounted And he highlights the secret deals and sudden setbacks that nearly aborted the mission at the eleventh hour even as Israeli jets sat on the runway in Ethiopia waiting to take the Jews to the land for which they had yearned for generations Recounting the full story for the first time Operation Solomon is a stirring account of a heroic rescue achieved in the face of daunting odds

Three Way Fight Xtn Alexander,Matthew N. Lyons,2024-05-28 What s the relationship between combating the far right and working for systemic change What does it mean when fascists intensify racial oppression and patriarchy but also call for the downfall of economic elites or even take up arms against the state Three way fight politics confront these urgent questions squarely arguing that the far right grows out of an oppressive capitalist order but is also in conflict with it in real ways and that radicals need to combat both The three way fight approach says we need sharper analysis of far right movements so we can fight them more effectively and we also need to track ongoing developments within the ruling class including liberal or centrist efforts to co opt antifascism as a tool of state repression and system legitimation This book offers an introduction to three way fight politics with more than thirty essays position statements and interviews from the Three Way Fight website and elsewhere spanning from the antifascist struggles of the 1980s and 1990s to the political upheavals of the twenty first century Over fifteen authors explore a range of topics such as fascist politics relationship with patriarchy and settler colonialism Tom Metzger s Third Position anticapitalist fascism conflict within the business community over the 2016 presidential election and the Trump administration s shifting relationship with the organized far right Many of the writings address issues of political strategy such as tensions between radicals and liberals within the reproductive rights movement and the George Floyd rebellion video gaming as an arena of political struggle and the importance and challenges of approaching antifascist organizing in ways that are militant community based and nonsectarian
