A. R. Bennion, 2001-10-18 Many countries use and apply the common law The common law world largely operates through statutes enacted by a country's democratic legislature These statutes are drafted and interpreted according to a uniform system of rules presumptions principles and canons evolved over centuries by common law judges In this book Francis Bennion distills forty years of his prolific writings on statute law and statutory interpretation to provide valuable guidance on statutory interpretation applicable to all common law jurisdictions Remedies The City Law School, 2014-08-28 This manual is designed to help trainee barristers identify appropriate remedial relief for their clients and calculate damages where necessary **Remedies** The City Law School, 2012-08-16 Remedies ensures that trainee barristers can correctly identify remedial relief and calculate damages for their clients Combining explanations of substantive law with problems and worked examples trainee barristers are encouraged to apply their knowledge and find practical solutions to problems likely to be encountered in practice **Air Pollution Modeling and its Application XX** Douw G. were presented at the 30th NATO SPS International Technical Meeting on Air Pollution Modelling and its Application held in San Francisco U S A May 18 22 2009 It is intended as reference material for students and professors interested in air pollution modelling at the graduate level as well as researchers and professionals involved in developing and utilizing air pollution models A Comprehensive Textbook of Midwifery and Gynecological Nursing, Third Edition Annamma Jacob,2012-04 *Temple international and comparative law journal* ,2005 **The New Law Journal** ,2004 **Criminal Sentencing as Practical Wisdom** Graeme Brown,2017-06-01 How do judges sentence In particular how important is judicial discretion in sentencing Sentencing guidelines are often said to promote consistency but is consistency in sentencing achievable or even desirable Whilst the passing of a sentence is arguably the most public stage of the criminal justice process there have been few attempts to examine judicial perceptions of and attitudes towards the sentencing process Through interviews with Scottish judges and by presenting a comprehensive review and analysis of recent scholarship on sentencing including a comparative study of UK Irish and Commonwealth sentencing jurisprudence this book explores these issues to present a systematic theory of sentencing Through an integration of the concept of equity as particularised justice the Aristotelian concept of phronesis or practical wisdom the concept of value pluralism and the focus of appellate courts throughout the Commonwealth on sentencing by way of instinctive synthesis it is argued that judicial sentencing methodology is best viewed in terms of a phronetic synthesis of the relevant facts and circumstances of the particular case The author concludes that sentencing is best conceptualised as a form of case orientated concrete and intuitive decision making one that seeks individualisation through judicial recognition of the profoundly contextualised nature of the process
