generations **Ra Ta Ee Ka** Ravi Hanj,2024-04-17 The term autobiography has been fancifully interpreted as Atma Charitre in Kannada which loosely means History of Soul or History of Self Consequently many Indian autobiographies or Histories of Souls tend to focus more on the self than the soul and portray history as glory transforming autobiographies into a grandiose celebration of the self In my personal opinion it often feels like an exaggerated form of self indulgence resembling a glorified expression of self gratification This self centered narrative of glory does not limit itself to mere me and mine but extends to the whole nine damn chakras and then shoots through the enlightened infinity and beyond Hence it is rare to come across autobiographies that genuinely explore the harmonious interaction between the individual and society offering readers the joy of witnessing the writer s selfless engagement and integration with their community rather than with the self It perplexes me how someone with a profound understanding of the soul can write such egocentric tales in the name of selfless soul philosophy Indeed it is challenging for anyone within a society or community to comprehend such self centered life stories Therefore my tale does not revolve around extraordinary souls or unnatural superhumans It is a familiar story of a curious child who grew up observing the fundamental aspects of society and striving to find their place within the community much like you me or any average individual

BETWEEN THE LINES Dr. Kavita Kusugal, 2019-11-21 Man and woman are two necessary wheels in the journey of life But basically they differ so much in their nature thinking feelings and role adoption that some time they lead to complexities in life To study this difference and have a look into the psyche and caliber of women it s necessary to have a picture of women as depicted in the fiction We have heard common people talking of feminism as if it is by the women for the women and that women writers must write about women related issues They say feminism entered India with the influence of western literature in twentieth century But I feel writers like Rabindranath Tagore who wrote Two Sisters D R Bendre who wrote Putta Vidhave in Kannada Kuvempu who wrote Kanuru Subbamma Heggaditi and R K Narayan are feminists in many of their works Tarabai Shinde the first modern Indian feminist formulates her ideology from the influence of Satyashodhak Movement lead by Phule couple

do these literatures simultaneously inhabit and create What networks do writers and institutions specific genres and works of literature but also circuits of readership translation and publishing produce And what are the imagined or discrepant geographies the different cosmopolitanisms that may be invented in the process This ground up approach from Lagos Algier Niamey Addis Ababa or Allahabad in English and in French but also in Swahili Malayalam Amharic Urdu Arabic Persian or Pulaar can pluralize a map whose entanglements and complexities face the risk of being ironed out by reified conceptualizations of literature within global macro systems *Report India*.
