Christian-Muslim Dialogue In Northern Nigeria Thaddeus Byimui Umaru, 2013-08 Religion as a powerful impulse in human existence plays a paradoxical role in society as it both contributes significantly in shaping the spiritual socio political and economic lives of millions of people and also acts as a source of conflict The sad experience of interreligious conflict in Northern Nigeria challenges the claim of Islam and Christianity to be religions of peace However understood as closely intertwined with culture and custom of a people religion can be central in the establishment of peace and conflict resolution in and between communities This text using the model of dialogue Nostra Aetate explores and presents the socio political and theological resources available in Northern Nigeria the locality for a consistent peace building process **Religion and**

Joffe, 2016-02-12 The three Abrahamic faiths have dominated religious conversations for millennia but the relations between state and religion are in a constant state of flux This relationship may be configured in a number of ways Religious norms may be enforced by the state as part of a regime of personal law or conversely religious norms may be formally relegated to the private sphere but can be brought into the legal realm through the private acts of individuals Enhanced recognition of religious tribunals or religious doctrines by civil courts may create a hybrid of these two models One of the major issues in the reconciliation of changing civic ideals with religious tenets is gender equality and this is an ongoing challenge in both domestic and international affairs Examining this conflict within the context of a range of issues including marriage and divorce violence against women and children and women s political participation this collection brings together a discussion of the Abrahamic religions to examine the role of religion in the struggle for women s equality around the world The book encompasses both theory and practical examples of how law can be used to negotiate between claims for gender equality and

the right to religion It engages with international and regional human rights norms and also national considerations within countries This book will be of great relevance to scholars and policy makers with an interest in law and religion gender studies and human rights law *Centre de Documentation BIE* IBE Documentation Centre,1985 **Ethnic Enterprise in America** Ivan Hubert Light,John N.
