Günther XLI. Graf von Schwarzburg Schlossmuseum Arnstadt, 2010 **Transilvania**, 2016 **Arheološka najdišča Ptuj / Archaeological sites of Ptuj** Jana Horvat, Andreja Dolenc Viè, 2010-01-01 The region of Ptuj lies on one of the central traffic axes within the broader margins of the Eastern Alps and already in the distant past represented an important settlement centre This monograph incorporates the knowledge hitherto gained about settlement history from the Eneolithic to the Early Middle Ages in the eastern area of Ptuj in Rabelj vas The emphasis is on the Roman Period when the eastern district of the Roman town of Poetovio was beginning to spread here Within the area of Rabelj vas which comprises nearly one third of the Roman town of Poetovio over a period of two centuries more than 160 discoveries and researches have taken place During the past four decades extensive rescue excavations have been carried out here which have revealed numerous prehistorical remains and also the eastern crafts quarter of the ancient town together with the main road and extensive burial sites Imagining Childhood Erika Langmuir, 2006-01-01 The images of children that abound in Western art

do not simply mirror reality they are imaginative constructs representing childhood as a special stage of human life or emblematic of the human condition itself In a compelling book ranging widely across time national boundaries and genres from ancient Egyptian amulets to Picasso s Guernica Erika Langmuir demonstrates that no historic period has a monopoly on the discovery of childhood Famous pictures by great artists as well as barely known anonymous artefacts illustrate not only Western society s perennially ambivalent attitudes to children but also the many and varied functions that works of art have played throughout its history
