Medieval Women's Writing Diane Watt, 2007-10-22 Medieval Women s Writing is a major new contribution to our understanding of women s writing in England 1100 1500 The most comprehensive account to date it includes writings in Latin and French as well as English and works for as well as by women Marie de France Clemence of Barking Julian of Norwich Margery Kempe and the Paston women are discussed alongside the

Old English lives of women saints The Life of Christina of Markyate the St Albans Psalter and the legends of women saints by Osborn Bokenham Medieval Women s Writing addresses these key questions Who were the first women authors in the English canon What do we mean by women s writing in the Middle Ages What do we mean by authorship How can studying medieval writing contribute to our understanding of women s literary history Diane Watt argues that female patrons audiences readers and even subjects contributed to the production of texts and their meanings whether written by men or women Only an understanding of textual production as collaborative enables us to grasp fully women s engagement with literary culture This radical rethinking of early womens literary history has major implications for all scholars working on medieval literature on ideas of authorship and on women s writing in later periods The book will become standard reading for all students of these debates *Diary Poetics* Anna Jackson,2020-08-26 The diary is a genre that is often thought of as virtually formless a capacious hold all for the writer s thoughts and as offering unmediated access to the diarist s true self Focusing on the diaries of Katherine Mansfield Virginia Woolf Antonia White Joe Orton John Cheever and Sylvia Plath this book looks at how six very different professional writers have approached the diary form with its particular demands and literary potential As a sequence of separate entries the diary is made up of both gaps and continuities and the different ways diarists negotiate these aspects of the diary form has radical effects on how their diaries represent both the world and the biographical self The different published editions of the diaries by Katherine Mansfield Virginia Woolf and Sylvia Plath show how editorial decisions can construct sometimes startlingly different biographical portraits Yet all diaries are constructed and all diary constructions depend on how the writer works with the diary form **Translating Humour** Jeroen Vandaele,2016-04-08 It is all too often assumed that humour is the very effect of a text But humour is not a perlocutionary effect in its own right nor is laughter The humour of a text may be as general a characteristic as a serious text s seriousness Like serious texts humorous texts have many different purposes and effects They can be subdivided into specific subgenres with their own perlocutionary effects their own types of laughter or even other reactions Translation scholars need to be able to distinguish between various kinds of humour or humorous effect when comparing source and target texts especially since the notion of effect pops up so frequently in the evaluation of humorous texts and their translations In this special issue of *The Translator* an attempt is made to delineate types of humorous effect through careful linguistic and cultural analyses of specific examples and or the introduction of new analytical tools For a translator who is both a receiver of the source text and sender of the target text such analyses and tools may prove useful in grasping and pinning down the perlocutionary effect of a source text and devising strategies for producing comparable effects in the target text For a translation scholar who is a receiver of both source and target texts the contributions in this issue will hopefully provide an analytical framework for the comparison of source and target perlocutionary effects *The Milieu and Context of the Wooing Group* Susannah M Chewning,2009-03-01 This book brings together the most current interpretations of the Wooing Group from scholars

currently working on the fields of medieval spirituality gender and the anchoritic tradition providing literary theological linguistic and cultural context for the works associated with the Wooing Group a collection of texts in English written by an unknown author in the late twelfth to early thirteenth centuries These works are unique in their context written almost certainly for a group of women living as anchoresses and recluses who were literate in English and were interested in guidance both in spiritual and worldly issues The book discusses and explains the impact and significance of these works and situates them within the continuum of medieval theological and literary culture Psycho Dynamics Of Women In The Post Modern Liter. S. P. Sree, 2008 Papers presented at the International Seminar on Psycho Dynamics of Women in the Postmodern Literature of the East and West held at Visakhapatnam during 25 26 February 2006 **The Anglo Saxon Literature Handbook** Mark C. Amodio, 2013-06-04 The Anglo Saxon Literature Handbook presents an accessible introduction to the surviving works of prose and poetry produced in Anglo Saxon England from AD 410 1066 Makes Anglo Saxon literature accessible to modern readers Helps readers to overcome the linguistic aesthetic and cultural barriers to understanding and appreciating Anglo Saxon verse and prose Introduces readers to the language politics and religion of the Anglo Saxon literary world Presents original readings of such works as Beowulf The Battle of Maldon The Wanderer The Seafarer and The Anglo Saxon Chronicle **Essential Skills for Influencing in Healthcare** Price Andrew, Andrew Scowcroft, 2021-06-09 There is no shortage of issues to be addressed in healthcare and no shortage of good ideas What is often lacking is an approach to influencing change that has genuine integrity and trust built in from the start And integrity is not just a word or a vaguely held value It has to be demonstrated practically through the way managers and clinicians engage with their colleagues From the Preface This highly practical book provides clinicians and managers with the knowledge and tools that will enable them to successfully influence their staff and colleagues Built on the conviction that the way to influence others is through respect and understanding not threat or manipulation it promotes an optimistic confident approach to leadership where trust and respect is fostered The Semantics of Free Indirect Discourse Regine Eckardt, 2014-11-27 Free indirect discourse presents us with the inner world of protagonists of a story We seem to see the world through their eyes and listen to their inner thoughts The present study analyses the logic of free indirect discourse and offers a framework to represent multiple ways in which words betray the speaker's feelings and attitude The theory covers tense aspect temporal indexicals modal particles exclamatives and other expressive elements and their dependence on shifting utterance contexts It traces the subtle ways in which story texts can offer information about protagonists The study of free indirect discourse has been a topic of great interest in recent years in semantics and pragmatics In this book Regine Eckardt proposes a new theory of this domain and applies it to a wide variety of phenomena discourse particles exclamatives and mood in addition to the traditional indexical pronouns and tenses She situates this project within a larger attempt to extend the tools of semantic analysis to fiction Most formally oriented semanticists have not paid serious attention to this

domain which has resulted in a major gap in semantic theory this book is thus a pioneering effort and raises many intriguing points The total result is an empirically rich and exciting work which will be a profitable read for researchers interested in semantics pragmatics and formal approaches to literature Eric McCready Aoyama Gakuin University **The Library of**

Athenaeum and Literary Chronicle ,1861 **Women and Devotional Literature in the Middle Ages** Cate Gunn,Liz Herbert McAvoy,Naoë Kukita Yoshikawa,2023 Essays on women and devotional literature in the Middle Ages in commemoration and celebration of the respected feminist scholar Catherine Innes Parker Silence was a much lauded concept in the Middle Ages particularly in the context of religious literature directed at women Based on the Pauline prescription that women should neither preach nor teach and should at all times keep speech to a minimum the concept of silence lay at the forefront of many devotional texts particularly those associated with various forms of women s religious enclosure Following the example of the Virgin Mary religious women were exhorted to speak seldom and then only seriously and devoutly However as this volume shows such gendered exhortations to silence were often more rhetorical than literal The

contributions range widely they consider the English Wooing Group texts and female authored visionary writings from the Saxon nunnery of Helfta in the thirteenth century works by Richard Rolle and the Dutch mystic Jan van Ruusbroec in the fourteenth century Anglo French treatises and books housed in the library of the English noblewoman Cecily Neville in the fifteenth century and the resonant poetics of women from non Christian cultures But all demonstrate the ways in which silence rather than being a mere absence of speech frequently comprised a form of gendered articulation and proto feminist point of resistance They thus provide an apt commemoration and celebration of the deeply innovative work of Catherine Innes Parker 1956 2019 the respected feminist scholar and a pioneer of this important field of study
