Eutopia M. Wynn Thomas, 2021-01-15 This book is a timely Welsh antidote to Brexit It is packed with original materials but is written in a highly accessible style by an author who recently won a Welsh Book of the Year award It throws a wholly new light on Wales revealing a country that has long been internationalist in cultural outlook well prepared to look in directions other than that of England *Martin Versfeld* Ernst Wolff, 2021-10-15 Martin Versfeld 1909 1995 is one of South Africa's greatest philosophers appreciated by academics and activists poets and the broader public His masterful prose spans the tension between disquiet and joy Detractor of the violent trends of modernity a critic of apartheid from the first hour he was among the first philosophers of ecology At the same time he celebrated the generosity of the world and advocated an ethics of simplicity drawing on mediaeval theology and Eastern wisdom His philosophy offered food for thought in dark times of the 20th century as it still does for us in the 21st century This first book length study on Versfeld is an invitation to think with him on justice and exploitation cultural difference and human nature religion and the environment time and connectedness *Reinventing Childhood Nostalgia* Elisabeth Wesseling, 2017-09-11 While Romantic era concepts of childhood nostalgia have been understood as the desire to retrieve the ephemeral mindset of the child this collection proposes that the emergence of digital media has altered this reflective gesture towards the past No longer is childhood nostalgia reliant on individual memory Rather it is associated through contemporary convergence culture with the commodities of one's youth as they are recycled from one media platform to another Essays in the volume's first section identify recurrent patterns in the recycling adaptation and remediation of children's toys and media providing context for section two's exploration of childhood nostalgia in memorial practices In these essays the contributors suggest that childhood toys and media play a role in the construction of the imagined communities Benedict Anderson that define nations and nationalism Eschewing the dichotomy between restorative and reflexive nostalgia the essays in section three address the ethics of nostalgia in terms of child agency and depictions of childhood In a departure from the notion that childhood nostalgia is the exclusive prerogative of narrative fiction section four looks for its traces in the child sciences Pushing against nostalgia's persistent associations with wishful thinking false memories and distortion this collection suggests nostalgia is never categorically good or bad in itself but owes its benefits or defects to the ways in which it is brought to bear on the representation of children and childhood **Literatuur en fictie: een didactische handreiking voor het voortgezet**
