Studies in Child Development Julia Clark Hallam, 2018-01-16 Excerpt from *Studies in Child Development* A Manual for Mothers and Mother s Clubs It may be noted that in view of the many sources from which the material of this book has been drawn there are comparatively few quotation marks The reason for this is that in most cases it has seemed necessary to adapt the material in a greater or less degree to the purpose of the book I trust however that there has been no failure to give full credit to each and every author from whom the ideas or data have been drawn For the most part the references will be found at the foot of the page In some chapters however the entire discussion has been based upon the work of one or more authors About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
