

Esta proyección al suelo realiza este movimiento porque es útil contra una amenaza con suñal al o empujando el cuerpo del defensor desde el hombro al lado muerto. No obstante, es igualmente útil contra amenazas con puñaladas de delante a través de la guardia del defensor o se fuerza a moverse hacia el lado muerto por donde controla el arma.

Tenga en cuenta que esta técnica no controla eficazmente al arma. Por tanto, es muy importante y solo debe realizarse cuando no se dispone de otras opciones.

1 Posición de partida

1 Posición de partida: De frente al agresor armado, se ve forzado a desviarse a su lado izquierdo.

2 Desde el suñal al como se llama Large por Delante - Lado Muerto (Fig. 128)

3 Frente a un movimiento de mano que queda junto al agresor o ignorando por detrás de él. Su suñal al debe estar cerca de él.

4 Si mano izquierda debe pasar, desviándose, por encima y por debajo del arma, atrápanse hacia el cuerpo del agresor. Si mano derecha se ataja entre suñal al, lo más posible imagine que trata de escapar hacia arriba por encima por la parte del suñal al.

5 Use las piernas (si lo permite) para levantar los pies del suelo. Mantenga los brazos, los codos y el torso derecho que quede con los pies inclinados hacia arriba y la cabeza hacia abajo.

6 Presiónese contra el suelo.

7 Con el pie al, manténgalo en línea. Si el arma se ha hecho a un lado, no deje de controlarla.

Otras situaciones de partida que pueden utilizar esta defensa de proyección al suelo cuando no hay otra opción.

Amojar la figura con el brazo derecho, con la mano izquierda de sobre el hombro derecho de la víctima.

Amojar Delante en el Mano Ataque del el Mano Adelante (Impugnación) en el Centro y el Control Capuchón de la Mano.
