Controls & Connectors

Display Icons & Indicators (VX-180 Only)

Before You Begin

Battery Pack Installation and Removal

- To install the battery, hold the transceiver with your left hand, so your palm is over the speaker and your thumb is on the top of the belt clip. Insert the battery pack into the battery compartment on the back of the radio while tilting the Belt Clip outward, then close the Battery Pack Latch until it locks in place with a "Click."

- To remove the battery, turn the radio off and remove any protective cases. Open the Battery Pack latch on the bottom of the radio, then slide the battery downward and out from the radio while holding the Belt Clip.

Caution!

Do not attempt to open any of the rechargeable Ni-Cd packs, as they could explode if accidentally short-circuited.

Low Battery Indication

- As the battery discharges during use, the voltage gradually becomes lower. When the battery voltage becomes too low, substitute a freshly charged battery and recharge the depleted pack. The TX/BUSY indicator on the top of the radio will blink *red* (on the VX-180, the 'CA' icon will appear on the LCD) when the battery voltage is low.
- Avoid recharging Ni-Cd batteries often with little use between charges, as this can degrade the charge capacity. We recommend that you carry an extra, fully-charged pack with you so the operational battery may be used until depletion (this "deep cycling" technique promotes better long-term battery capacity).

Manual Vertex Vx 180

JA Banks

Manual Vertex Vx 180:

As recognized, adventure as skillfully as experience more or less lesson, amusement, as without difficulty as pact can be gotten by just checking out a books **Manual Vertex Vx 180** moreover it is not directly done, you could say yes even more nearly this life, just about the world.
