Meacutedecins Sans Frontiegraveres La Biographie Documents:

Médecins Sans Frontières Anne Vallaëys, 2004-10-13 Voici la première biographie de Médecins sans frontières la plus célèbre des ONG françaises couronnée par le Prix Nobel de la paix en 1999 Trois ans durant Anne Vallaëys s'est plongée dans les archives de cette association iconoclaste Du Biafra à l'Afghanistan du Cambodge au Rwanda de l'Éthiopie à la Bosnie l'auteur nous fait revivre les aventures de ces femmes et de ces hommes d'exception infirmiers logisticiens et médecins volontaires travers des centaines de récits de reportages de portraits et d'entretiens Rvolt s par l'inertie des institutions internationales dans les années soixante dix une poignée de médecins et de journalistes du magazine médical Tonus décident d'intervenir dans les drames de la guerre froide Se moquant des considérations politiques ils partent soigner les victimes des combats sans distinction Leur implication ne se limite pas aux strictes actions médicales bien au contraire elle va de pair avec leur rôle de témoin engagé face aux atrocités auxquelles ils sont confrontés sur le terrain C'est l'une des singularités des MSF témoigner est un acte politique Mais comment utiliser les médias sans verser dans l'étalage gotiste et le politiquement correct L'opinion publique les suivra MSF réunit aujourd'hui un million de donateurs privés Contre les risques de bureaucratisation MSF privilégie l'action et ne craint pas de se remettre en question Souvent le débat interne fait rage Comme leurs leaders successifs Bernard Kouchner Francis Charhon Xavier Emmanuelli Claude Malhuret Rony Brauman Philippe Biberson et l'actuel président Jean Hervé Bradol les décisions MSF ne se sont jamais rendues aux arguments et au cynisme de la politique internationale Anne Vallaëys expose ce qu'est la médecine d'urgence dévolant les trisors d'inventivité que les praticiens sanitaires de l'extrême développent dans des situations que l'université ne leur a guère permis d'appréhender Dans des contextes toujours critiques contre le mépris des pouvoirs et des intérêts en place il n'est pas rare que le doute assaille ces acteurs anonymes Ce document est aussi un vibrant hommage rendu ceux qui jour après jour le plus souvent dans l'horreur construisent MSF la grande histoire humaine du siècle

The New Humanitarians Chris E. Stout Ph.D., 2008-11-30 From Braille Without Borders and Unite for Sight to Geekcorps and PeaceWorks humanitarian groups are working worldwide largely in undeveloped countries to better the lives of the residents Whether they are empowering people with schools for the blind prosthetic limbs the devices to understand and use technology or the information to work for civil peace the men and women of these agencies offer tremendous talent to their causes great dedication and sometimes even risk their lives to complete their missions Working in war or civil war zones humanitarians with nonprofits non governmental agencies and university connected centers and foundations have been injured kidnapped or killed Now terrorist events and war crimes are more and more often bringing these self sacrificing workers into the national spotlight by media headlines Their work is doubtless remarkable And so too are the stories of how they developed including the defining moments when their founders felt they could no longer stand by and do nothing In this set of books founders and top officials from humanitarian organizations established in the last 50 years spotlight how and why they began their organizations what their greatest

victories and challenges have been and how they run the organizations down to where they get their funding and how they spend it to grow the group and its efforts Led by Chris E Stout named Humanitarian of the Year by the American Psychological Association the contributors here come from across training disciplines including psychology medicine technology science politics social work and business Stout who has worked in Latin American terrorist zones in Vietnam and along the Amazon in Ecuador with Flying Doctors of America has chosen to feature a sample of humanitarian groups across four primary areas medicine environment education and social justice He also concentrates on what he calls guerilla humanitarians those who step into unsafe or unhealthy conditions despite the dangers There is also a concentration on those that have been very successful with on the ground guerilla innovations without a lot of bureaucracy or baloney Above all They are rebels with a cause whose actions speak louder than mere words Stout explains They have all felt a moral duty to serve as vectors of change In addition to being psychologically insightful these volumes hold invaluable practical information

, **Médecins Sans Frontières, Évolution d'un mouvement international associatif 1971-2011** Laurence Binet, Martin Saulnier, 2019-02-01 De sa création en France en 1971 Médecins Sans Frontières MSF s'est voulu une organisation internationale et associative Internationale car ses fondateurs avaient pour projet de porter secours aux populations de toutes les quatre coins du monde et qu'il aurait semblé étrange de n'intervenir qu'à partir de la France Associative car le statut d'association propose par le droit de tradition romano-civiliste en vigueur en France était en adéquation avec l'esprit de démocratie et de solidarité qui les portait Pour autant la transformation de l'organisation française initiale en un mouvement international associatif ne s'est pas déroulée de manière planifiée et régulière Son histoire relève plutôt de l'enchaînement de compromis entre les visions des différents leaders du mouvement entrecoupé d'épisodes de reconnaissance de situations de fait accompli et de leur intégration Ces évolutions se sont structurées autour de questionnements relatifs à l'intérieur et aux formes de la croissance Ces questionnements ont également porté sur la légitimité et la nature du leadership et de la représentation qui permettraient de faire grandir sans trahir une nouvelle forme d'action humanitaire dont se revendiquait MSF Cette étude raconte l'histoire du mouvement associatif de MSF de la conception de l'organisation en 1971 à l'adoption d'un système de gouvernance internationale officiellement en 2011 La première partie de l'étude raconte les trois premières décennies de la période de construction et d'établissement du mouvement international associatif de Médecins Sans Frontières de 1971 à 2000 La seconde partie couvre la crise de croissance et les efforts du mouvement pour organiser sa gouvernance associative au début du 21^e siècle **Marking Evil** Amos Goldberg, Haim Hazan, 2015-05-01 Talking about the Holocaust has provided an international language for ethics victimization political claims and constructions of collective identity As part of a worldwide vocabulary that language helps set the tenor of the era of globalization This volume addresses manifestations of Holocaust engendered global discourse by critically examining their function and inherent dilemmas and the ways in which Holocaust related matters still instigate public debate and academic

deliberation It contends that the contradiction between the totalizing logic of globalization and the assumed uniqueness of the Holocaust generates continued intellectual and practical discontent

Human Rights in Crisis Alice Bullard, 2017-05-15 This volume expands our understanding of the pursuit of human rights during the era of the War on Terror The threat to human rights both in the United States and among detainees in US governed detention facilities created a widely perceived crisis in human rights This text explores the broad and complicated ramifications of crisis by looking comparatively at societies in the present era and looking back at the historical and legal foundations of human rights Human Rights in Crisis contains an element of hope derived from a conviction that the pursuit of human rights happens on many fronts and in many ways around the globe that a retreat from human rights in the United States does not necessarily signal a global retreat The essays here include perspectives from History Anthropology and Legal Studies with a resulting interdisciplinary portrait of the complexities of pursuing human rights in wartime

Les études de la Documentation française, 2012 **Idealism beyond Borders** Eleanor Davey, 2015-12-17 This is a major new account of how modern humanitarian action was shaped by transformations in the French intellectual and political landscape from the 1950s to the 1980s Eleanor Davey reveals how radical left third worldism was displaced by the sans fronti riste movement as the dominant way of approaching suffering in what was then called the third world Third worldism regarded these regions as the motor for international revolution but revolutionary zeal disintegrated as a number of its regimes took on violent and dictatorial forms Instead the radical humanitarianism of the sans fronti riste movement pioneered by M decins Sans Fronti res emerged as an alternative model for international aid Covering a period of major international upheavals and domestic change in France Davey demonstrates the importance of memories of the Second World War in political activism and humanitarian action and underlines the powerful legacies of Cold War politics for international affairs since the fall of the Iron Curtain
