

MECHANICS OF **MATERIALS**

EIGHTH EDITION

JAMES M. GERE BARRY J. GOODNO

The book cover features a dynamic, low-angle perspective of a modern architectural structure. The foreground is dominated by thick, curved, orange-colored concrete or metal beams that create a sense of depth and structural complexity. Above these beams, a large, translucent, green-tinted glass or plastic canopy with a triangular grid pattern is visible. The background shows more of the building's structure, including additional beams and a glimpse of a bright, possibly outdoor, area. The overall color palette is warm, with oranges, yellows, and greens, set against a dark background for the text area.
