Romantic Love and Personal Beauty Henry T. Finck, 2022-09-15 In *Romantic Love and Personal Beauty* Henry T. Finck explores the intricate interplay between ideals of beauty and the nature of romantic love presenting a compelling examination rooted in the aesthetic movements of the late 19th century. Finck employs a lyrical prose style blending philosophical discourse with personal anecdotes and cultural critiques. He situates love within the broader context of beauty as an essential human experience navigating through historical and contemporary perspectives that reveal how societal norms shape personal relationships and self-perception. Henry T. Finck was a noted American author and lecturer with a profound interest in aesthetics and cultural criticism. His extensive travels and deep engagement with European art and literature influenced his perspectives on beauty and love, leading him to contemplate their intimate connection. Finck's work reflects a transitional period where the Romantic ideals of the 19th century faced the emerging realism of the 20th, showcasing his unique ability to synthesize these influences into a coherent narrative. This book is an essential read for anyone interested in the philosophical underpinnings of love and beauty. Finck's insights resonate throughout history and remain relevant today, compelling readers to reflect on how personal beauty shapes and is shaped by the experience of romantic love.

Love and Poetry in the Middle East Atef Alshaer, 2021-12-30 Love has been an important trope in the literature of the region we now call the Middle East from ancient times to modern. This book analyses love poetry in various ancient and contemporary languages of the Middle East including Akkadian, ancient Egyptian, Classical and Modern Standard Arabic, Persian, Hebrew, Turkish, and Kurdish, including literary materials that have been discovered and highlighted for the first time. Together, the chapters reflect and explore the discursive evolution of the theme of love and the sensibilities, styles, and techniques used to convey it. They chart the way in which poems in ancient poetry give way to complex and varied reflections of human sentiments in the medieval languages and on to the modern period, which in turn reflects the complexities and nuances of present times. Offering a snapshot of the diverse literary languages and their relationship to the theme of love, the book will be of interest to scholars of Near and Middle Eastern Literature and Culture.

Romantic Love in Cultural Contexts Victor Karandashev, 2016-12-24 This volume presents a conceptual, historical, anthropological, and sociological review of how culture affects our experience and expression of romantic love. What is romantic love and how is it different from and similar to other kinds of love? How is romantic love related to sex and marriage in human history and across contemporary cultures? What cultural factors mediate attraction in love? These are some of the questions the volume explores through its interdisciplinary yet focused lens. Much of the current research evidence suggests that love is a universal emotion experienced by a majority of people in various historical eras and in all the world's cultures. Yet love displays in different ways because culture has an impact on people's conceptions of love.

and the ways they feel think and behave in romantic relationships This volume summarizes classical knowledge on love and culture while at the same time focusing sharply on recent studies and cutting edge research that has advanced the field Divided into three parts the volume begins by defining and analyzing the concept of romantic love and interdisciplinary approach to its study in cultural context Part II traces the origin and evolution of romantic love both in various places throughout the world and various time periods throughout history Part III presents the revolutionary expansion of romantic love ideas and practices in the late 20th and early 21st centuries in various parts of the world focusing particularly on the development of romantic love as a cultural ideal of the modern cultures Finally the book concludes by summarizing the major achievements in this field of study and predicts future development A timely and thoughtful addition to the literature Romantic Love in Cultural Contexts delivers thought provoking insights to researchers in relationship scholarship sociology anthropology and cultural studies and all those interested in the universal human concept of love Overall I find Dr Victor Karandashev is an excellent and fine scholar who has a firm grasp of both the fundamental principles of cross cultural research and of anthropology In our increasingly connected world Romantic Love in Cultural Contexts updates and adds to the descriptions and explanations of similarities and differences in romantic love across generations and cultures Romantic love encompasses the life span rather than being a phenomenon largely confined to youthful years The topic of this project concerns the deepest of our sentiments and pervades life from birth to death This book contributes to better knowledge of this phenomenon across generations
