Mesoamerican Archaeology Theory And Practice:

Mesoamerican Archaeology Julia A. Hendon, Lisa Overholtzer, Rosemary A. Joyce, 2021-03-30 A unique and wide ranging introduction to the major prehispanic and colonial societies of Mexico and Central America featuring new and revised material throughout Mesoamerican Archaeology Theory and Practice Second Edition provides readers with a diverse and well balanced view of the archaeology of the indigenous societies of Mexico and Central America helping students better understand key concepts and engage with contemporary debates and issues within the field The fully updated second edition incorporates contemporary research that reflects new approaches and trends in Mesoamerican archaeology New and revised chapters from first time and returning authors cover the archaeology of Mesoamerican cultural history from the early Gulf Coast Olmec to the Classic and Postclassic Maya to the cultures of Oaxaca and Central Mexico before and after colonization Presenting a wide range of approaches that illustrate political socio economic and symbolic interpretations this textbook Encourages students to consider diverse ways of thinking about Mesoamerica as a linguistic area as a geographic region and as a network of communities of practice Represents a wide spectrum of perspectives and approaches to Mesoamerican archaeology including coverage of the Postclassic and Colonial periods Enables readers to think critically about how explanations of the past are produced verified and debated Includes accessible introductory material to ensure that students and non specialists understand the chronological and geographic frameworks of the Mesoamerican tradition Discusses recent developments in the contemporary theory and practice of Mesoamerican archaeology Presents new and original research by a team of internationally recognized contributors Mesoamerican Archaeology Theory and Practice Second Edition is ideal for use in undergraduate courses on the archaeology of Mexico and Central America as well as for broader courses on the archaeology of the Americas

Mesoamerican Archaeology Julia A. Hendon, Rosemary Joyce, 2003-11-07 Offering an alternative to traditional textbooks Mesoamerican Archaeology Theory and Practice places the reader in the middle of contemporary debates by top archaeologists actively exploring the major prehispanic societies of Central America Offers a comprehensive introduction to the archaeology of Mesoamerica by focusing on key time periods sites and the issues these times and places require us to confront Examines key moments in the Mesoamerican historical tradition from the earliest villages where Olmec art flourished to the Aztec and Maya City states that Spanish invaders described in the 16th century Engages the chronological benchmarks of precolumbian social development in Mesoamerica such as the transition to village life emergence of political stratification and formation of Mesoamerican urban centers Includes an extensive introduction by the editors that situates contemporary Mesoamerican archaeology in the broader terms of the social politics of archaeology For further resources to use with this book including study questions maps and photographs visit the website at www.blackwellpublishing.com/BSGA_mesoam

Mesoamerican archaeology Julia Ann Hendon, 2004

Mesoamerican Archaeology Lisa Overholtzer, 2021-03 In the seventeen years since the first edition of Mesoamerican Archaeology Method

and Theory was published our goal of providing theoretically sophisticated and data rich explorations of important topics for a non specialist reader written by the researchers themselves has proved successful When approached by Wiley Blackwell to edit a second edition the original coeditors Julia Hendon and Rosemary Joyce agreed that the chance to incorporate new research by an international array of scholars was not to be missed The first move was to add Lisa Overholtzer as editor The three of us approached some authors from the first edition who agreed to update or rewrite their chapters We then invited new contributors whose work reflects current research trends in Mesoamerican archaeology For this edition we purposefully included a chapter on bioarchaeology and three chapters that include the Colonial period in their discussions As with the first edition this book is intended to be useful for anyone teaching Mesoamerican archaeology whether as the sole subject of a course or as one case study among others in courses dealing with archaeology of the Americas complex societies or other topics We also expect that it will be of interest to any reader who wants a sample of contemporary research on the major time periods and societies that are the focus of Mesoamerican archaeology Because this book is a departure from other models for introductory texts it is appropriate for us to briefly explain what it is and is not and to suggest how we hope it might be incorporated into the classroom All three of us teach material from the field of Mesoamerican archaeology in basic introductory courses and more advanced offerings As active researchers who each have developed and led our own field projects we find ourselves struggling to provide students with a sense of the research process In particular we think it is important for students to see that changes in archaeological understanding or differences in opinion as illustrated by some of the essays included here are a constructive part of the research process They reflect the mechanisms through which our discipline debates explanations puts them to the test against existing and new data and gradually revises them Too often we find that students and people outside the academy interested in archaeology have the impression especially from media coverage that changes in interpretation result from violent rejection of earlier ideas represented as poorly conceived foolish or examples of bad work We do not think that representing archaeology as a kind of winner takes all contest is very true to the reality of the constant hard work only occasionally accompanied by moments of transformative insight that we experience as field researchers Nor does the metaphor of a contest accurately represent the way that new research builds on and acknowledges older ideas even in the process of modifying extending or disagreeing with those ideas

Political Strategies in Pre-Columbian Mesoamerica Sarah Kurnick, Joanne Baron, 2016-03-21 Political authority contains an inherent contradiction Rulers must reinforce social inequality and bolster their own unique position at the top of the sociopolitical hierarchy yet simultaneously emphasize social similarities and the commonalities shared by all Political Strategies in Pre Columbian Mesoamerica explores the different and complex ways that those who exercised authority in the region confronted this contradiction New data from a variety of well known scholars in Mesoamerican archaeology reveal the creation perpetuation and contestation of politically authoritative relationships between rulers and subjects and between nobles and commoners

The contributions span the geographic breadth and temporal extent of pre Columbian Mesoamerica from Preclassic Oaxaca to the Classic Pet n region of Guatemala to the Postclassic Michoac n and the contributors weave together archaeological epigraphic and ethnohistoric data Grappling with the questions of how those exercising authority convince others to follow and why individuals often choose to recognize and comply with authority Political Strategies in Pre Columbian Mesoamerica discusses why the study of political authority is both timely and significant reviews how scholars have historically understood the operation of political authority and proposes a new analytical framework to understand how rulers rule Contributors include Sarah B Barber Joanne Baron Christopher S Beekman Jeffrey Brzezinski Bryce Davenport Charles Golden Takeshi Inomata Arthur A Joyce Sarah Kurnick Carlo J Lucido Simon Martin Tatsuya Murakami Helen Perlstein Pollard and V ctor Salazar Ch vez

Bridging the Gaps Danny Zborover, Peter Kroefges, 2015-04-15 Bridging the Gaps Integrating Archaeology and History in Oaxaca Mexico does just that it bridges the gap between archaeology and history of the Precolumbian Colonial and Republican eras of the state of Oaxaca Mexico a cultural area encompassing several of the longest enduring literate societies in the world Fourteen case studies from an interdisciplinary group of archaeologists anthropologists ethnohistorians and art historians consciously compare and contrast changes and continuities in material culture before and after the Spanish conquest in Prehispanic and Colonial documents and in oral traditions rooted in the present but reflecting upon the deep past Contributors consider both indigenous and European perspectives while exposing and addressing the difficulties that arise from the application of this conjunctive approach Inspired by the late Dr Bruce E Byland s work in the Mixteca which exemplified the union of archaeological and historical evidence and inspired new generations of scholars Bridging the Gaps promotes the practice of integrative studies to explore the complex intersections between social organization and political alliances religion and sacred landscape ethnic identity and mobility colonialism and resistance and territoriality and economic resources

Mesoamerican Plazas Kenichiro Tsukamoto, Takeshi Inomata, 2014-04-10 This is the first book to examine the roles of plazas in ancient Mesoamerica It argues persuasively that physical interactions among people in communal events were not the outcomes of political machinations held behind the scenes but were the actual political processes through which people created negotiated and subverted social realities

World Prehistory and Archaeology Michael Chazan, 2021-04-29 World Prehistory and Archaeology provides an integrated discussion of world prehistory and archaeological methods presenting an up to date perspective on what we know about our human prehistory and how we come to know it A cornerstone of World Prehistory and Archaeology is the discussion of prehistory as an active process of discovery Methodological issues are addressed throughout the text to engage readers Archaeological methods are introduced following which the question of how we know the past is discussed This fifth edition involves readers in the current state of archaeological research revealing how archaeologists work and interpret what they find Through the coverage of various new research author Michael Chazan shows that archaeology is truly a global

discipline In this edition there is a particular emphasis on the relevance of archaeology to contemporary society and to the major issues that face us today This edition will provide students with a necessary grounding in the fundamentals of archaeology before engaging them with the work that goes into understanding world prehistory They will be given the tools to place this knowledge in the context of the modern world acknowledging the relevance of archaeology to the concerns of today Formative Lifeways in Central Tlaxcala, Volume 1 Richard G. Lesure, 2014-12-31 This book the first of a projected three reports on excavations at Formative period sites in the state of Tlaxcala Mexico The transition to the Formative in the relatively high altitude study region is later than in choice regions for early agriculture elsewhere in Mesoamerica From 900 BC however population growth and sociopolitical development were rapid A central claim in the research presented here is that a macroregional perspective is essential for understanding the local Formative sequence In this volume excavations at three village sites Amomoloc Tetel and Las Mesitas and one modest regional center La Laguna are reported Ceramics are described in detail An innovative approach to the classification of figurines is presented and a Formative chronology for the region is proposed based on seriation of refuse contexts and radiocarbon dates The work concludes with a macroregional framework to be used in the analysis of subsistence social relations and political economy in forthcoming volumes 2 and 3

Reimagining National Belonging Robin Maria DeLugan, 2012-12-06 Reimagining National Belonging offers the first sustained critical examination of post civil war El Salvador describing how one nation took up the challenge of generating social unity and shared meanings around ideas of the nation An ethnography of the state it highlights the practices and the complexities of nation building in the 21st century
