## **Mexican Political Biographies 1884 1934:**

Mexican Political Biographies, 1884-1934 Roderic Ai Camp, 2013-05-07 Here is an authoritative reference work that makes biographies of prominent Mexican national politicians from the period 1884 1934 available in English Like the author's biographical directory for the years 1935 2009 it draws on many years of research in Mexico and the United States and seeks not only to provide accurate biographical information about each entry but also where possible and appropriate to connect these politicians to more recent leadership generations Thus Mexican Political Biographies 1884 1934 not only is a useful historical source but also provides additional information on the family backgrounds of many contemporary figures The work includes those figures who have held specific posts at the national level or who have served as state governors Each biographical entry contains the following information date of birth birthplace education elective political office political party positions appointive governmental posts at all levels group activities nongovernmental positions and professions relatives mentors and important friends military experience unusual career activities and published biographical sources Another unique feature of the directory is appendixes with complete lists of the names and dates of cabinet members supreme court justices senators deputies selected ambassadors and party leaders The Oxford Handbook of Mexican Politics Roderic Ai Camp, 2012-02-16 A comprehensive view of the remarkable transformation of Mexico's political system to a democratic model The contributors to this volume assess the most influential institutions actors policies and issues in the country's current evolution toward democratic consolidation **Mexican Political Biographies, 1935-1993** Roderic Ai Camp, 1995 *My Father's Shoes* is at its core an anthology of short stories The book is allegoric and the shoes are metaphoric Unlike most anthologies however these stories are an amalgam of themselves They integrate and coalesce There is a rhythm and a cadence both in substance and in form This book was initially written as a gift to my father I wanted to share certain memories with him that were meaningful and lasting I wanted him to know from my perspective just how important he was in my life He never really understood the profound impact that he had on the lives of other people especially his family Because of that humility or perhaps in honor of it I wanted him to know that he truly made a difference in this world As others read the manuscript they seemed to recognize something of themselves in these stories A memory A passage An incident A feeling As they did I became more comfortable with sharing these vignettes of family life In the end this book is really more about me than my father But even more than that it is about appreciating every circumstance in life however mundane or unremarkable it may seem at the time These seemingly discrete and unrelated moments actually define who you are what you become and what matters most in life At least they did for me My father always used to say *senza memoria vita non esiste* which in Italian means without memory life does not exist These are my memories and this is my inheritance Raymond F Vennare While dedicating a significant and successful portion of his life and career to business entrepreneurship and science Raymond's essential orientation is humanistic He is exquisitely aware of the inter relatedness of all things This ability

to intrinsically see and understand how disciplines overlap and coincide is Raymond's distinctive gift. He is at home in the intersections of business, culture, art, and science and uses interconnectedness as a catalyst for finding novel ways to forge bonds across disciplines and solve human problems. Raymond has always been driven to express his way of seeing the commonalities of the world. This is reflected in the lifelong diversity and range of his pursuits through his work as an academically trained art historian, ethicist, and businessman and as a multi-disciplinary artist, painter, writer, musician, and commentator. His current artistic offering is a richly textured memoir *My Father's Shoes*, which he is also adapting for stage and audio performance. This vibrant anthology celebrates the capacity of one person to make a lasting difference in the lives of others. With humorous reflection, clanking dishes, wafting aromas, and loving tenderness, it vividly reminds us how we ultimately transfer our human energy through the stories and memories we create and leave behind. There isn't one ounce of fat in Vennare's writing. Every story is a journey; every sentence, a complete thought. This book is not just a good read; this is Benediction. Frank Ferraro, Filmmaker and Playwright. I feel like I know these people and I care about them, and the vivid way they lived. Vennare's courage in the act of remembering his father's life and revealing his own is an invitation to all of us to find a way to pass on the stories and memories we hold most dear. Karen Kern, Writer. *My Father's Shoes* is a wonderful trip down memory lane. With each chapter read, the pages penned touched my heart and resonated with personal stories of my own family members. The book is a one shoe fits all narrative. Lillie Leonardi, Author. *In the Shadow of a Badge*     **The**

**Mexican Petroleum Industry in the Twentieth Century** Jonathan C. Brown, Alan Knight, 2010-07-05 Mexico's petroleum industry has come to symbolize the very sovereignty of the nation itself. Politicians criticize Pemex, the national oil company, at their peril, and President Salinas de Gortari has made clear that the free trade negotiations between Mexico and the United States will not affect Pemex's basic status as a public enterprise. How and why did the petroleum industry gain such prominence, and some might say immunity, within Mexico's political economy? *The Mexican Petroleum Industry in the Twentieth Century*, edited by Jonathan C. Brown and Alan Knight, seeks to explain the impact of the oil sector on the nation's economic, political, and social development. The book is a multinational effort: one author is Australian, two British, three North American, and five Mexican. Each contributing scholar has researched and written extensively about Mexico and its oil industry.

**A Social History of Mexico's Railroads** Teresa Van Hoy, 2008-02-21 Largely absent from our history books is the social history of railroad development in nineteenth-century Mexico, which promoted rapid economic growth that greatly benefited elites but also heavily impacted rural and provincial Mexican residents in communities traversed by the rails. In this beautifully written and original book, Teresa Van Hoy connects foreign investment in Mexico, largely in railroad development, with its effects on the people living in the isthmus of Tehuantepec, Mexico's region of greatest ethnic diversity. Students will be drawn to a fascinating cast of characters: muleteers, artisans, hacienda peons, convict laborers, dockworkers, priests, and the rural police force, *rurales*, join railroad regulars in this rich social history. New empirical evidence, some drawn from two

private collections elaborates on the huge informal economy that supported railroad development. Railroad officials sought to gain access to local resources such as land, water, construction materials, labor, customer patronage, and political favors. Residents in turn maneuvered to maximize their gains from the wages, contracts, free passes, surplus materials, and services, including piped water controlled by the railroad. Those areas of Mexico suffering poverty and isolation attracted public investment and infrastructure. A Social History of Mexico's Railroads is the dynamic story of the people and times that were changed by the railroads and is sure to engage students and general readers alike.

**Mexican Watchdogs** Andrew Paxman, 2025-10-28 In the first narrative history of Mexico's contemporary press, Andrew Paxman recounts the evolution of print media between the 1980s and the present. From showing widespread subservience toward authority to playing a watchdog role as the country democratized, Mexico's media underwent drastic changes in its roles and functions. Paxman also traces how the media responded to outright state hostility and major threats to its existence, including a war on drugs that made Mexico the riskiest country for reporters outside a combat zone, a decline in revenue as readers and advertisers migrated to the internet, and a partial return to government cooptation. Based on interviews with 180 current and former journalists and extensive research in newspaper libraries, *Mexican Watchdogs* interweaves critical analysis with the stories of key reporters, editors, and publishers, as well as the trajectories of Mexico's leading print and online media.

**The Metamorphosis of Leadership in a Democratic Mexico** Roderic Ai Camp, 2010-11-11 *The Metamorphosis of Leadership in a Democratic Mexico* is a broad analysis of Mexico's changing leadership over the past eight decades, stretching from its pre-democratic era (1935-1988) to its democratic transition (1988-2000) to its democratic period (2000 to the present). In it, Roderic Camp, one of the most distinguished scholars of Mexican politics, seeks to answer two questions: 1) how has Mexican political leadership evolved since the 1930s, and in what ways, beyond ideology, has the shift from a semi-authoritarian one-party system to a democratic electoral system altered the country's leadership; and 2) which aspects of Mexican leadership have been most affected by this shift in political models, and when and why did the changes in leadership occur? Rather than viewing Mexico's current government as a true democracy, Camp sees it as undergoing a process of consolidation under which the competitive electoral process has resulted in a system of governing institutions supported by the majority of citizens and significant strides toward plurality. Accordingly, he looks at the relationship between the decentralization of political power and the changing characteristics, experiences, and paths to power of national leaders. The book, which represents four decades of Camp's work, is based upon a detailed study of 3000 politicians from the 1930s through the present, incorporating regional media accounts and Camp's own interviews with Mexican presidents, cabinet members, assistant secretaries, senators, governors, and party presidents.

**The Politics of Expertise in Latin America** Miguel A. Centeno, Patricio Silva, 2016-07-27 The ascendancy of technocratic personnel and their imposition of neo-liberal economic policies have come to define Latin American politics in the 1980s and 1990s. This book is the first comparative analysis of

these events and their implications for the future of democracy on the continent Individual chapters discuss the rise to power of these technocrats in Mexico Chile Argentina Brazil and Peru as well as the historical antecedents of expert rule in the 19th and early 20th centuries      *Military Professionalism and Political Influence* Robert Carriedo,1992      *Mexican Political Biographies, 1935-2009* Roderic Ai Camp,2011-10-01 Teresa Lozano Long Institute of Latin American Studies

## Decoding **Mexican Political Biographies 1884 1934**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Mexican Political Biographies 1884 1934**," a mesmerizing literary creation penned by a celebrated wordsmith, readers embark on an enlightening odyssey, unraveling the intricate significance of language and its enduring impact on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
