Miguel Trevino The Neighbours:

Crafting Identity Pavel Shlossberg, 2015-06-11 *Crafting Identity* goes far beyond folklore in its ethnographic exploration of mask making in central Mexico. In addition to examining larger theoretical issues about indigenous and mestizo identity and cultural citizenship as represented through masks and festivals, the book also examines how dominant institutions of cultural production, art media, and tourism mediate Mexican *arte popular*, which makes Mexican indigeneity digestible from the standpoint of elite and popular Mexican nationalism and American and global markets for folklore. The first ethnographic study of its kind, the book examines how indigenous and mestizo mask makers both popular and elite view and contest relations of power and inequality through their craft. Using data from his interviews with mask makers, collectors, museum curators, editors, and others, Pavel Shlossberg places the artisans within the larger context of their relationships with the nation, state, and Mexican elites, as well as with the production cultures that inform international arts and crafts markets. In exploring the connection of mask making to capitalism, the book examines the symbolic and material pressures brought to bear on Mexican artisans to embody and enact self-racializing stereotypes and the performance of stigmatized indigenous identities. Shlossberg's weaving of ethnographic data and cultural theory demystifies the way mask makers ascribe meaning to their practices and illuminates how these practices are influenced by state and cultural institutions. Demonstrating how the practice of mask making negotiates ethnoracial identity with regard to the Mexican state and the United States, Shlossberg shows how it derives meaning, value, and economic worth in the eyes of the state and cultural institutions that mediate between the mask maker and the market.

Bloodlines - How the FBI took on Mexico's most violent drugs cartel

Melissa Del Bosque, 2018-08-23 THE RIVETING TRUE STORY OF HOW THE FBI BROUGHT DOWN THE FEARSOME MIGUEL TREVIÑO LEADER OF LOS ZETAS MEXICO'S MOST VIOLENT DRUG CARTEL. Drugs, money, cartels: this is what FBI rookie Scott Lawson expected when he was sent to the border town of Laredo, but instead he's deskbound writing intelligence reports about the drug war. Then one day Lawson is asked to check out an anonymous tip: a horse was sold at an Oklahoma auction house for a record-topping price, and the buyer was Miguel Treviño, one of the leaders of the Zetas, Mexico's most brutal drug cartel. The source suggested that Treviño was laundering money through American quarter horse racing. If this was true, it offered a rookie like Lawson the perfect opportunity to infiltrate the cartel. Lawson teams up with a more experienced agent, Alma Perez, and taking on impossible odds, sets out to take down one of the world's most fearsome drug lords. In *Bloodlines*, Emmy and National Magazine Award-winning journalist Melissa del Bosque follows Lawson and Perez's harrowing attempt to dismantle a cartel leader's American racing dynasty built on extortion and blood money. Throwing back the curtain on the inner workings of cartel kingpins and law enforcement agencies, del Bosque turns more than three years of research and her decades of reporting on Mexico and the border into a gripping narrative about greed and corruption. *Bloodlines* offers us an unprecedented look at the inner workings of the Zetas and US federal agencies and opens a new vista

onto the changing nature of the drug war and its global expansion *Reign of Terror* Leo Silva, 2024-11-10 *Reign of Terror* by Leo Silva is a gripping true crime memoir that takes readers deep inside the brutal world of Mexico's Los Zetas cartel. Former DEA Special Agent Silva brings unparalleled insight recounting his years on the front lines in the relentless fight against one of the world's most violent criminal organizations. This powerful narrative unveils the hidden realities of the drug war from the complex relationships between the cartels and law enforcement to the personal sacrifices made by those who risk everything to protect others. With raw detail and authenticity, Silva sheds light on the lives of those entangled in a web of corruption, power, and violence. *Reign of Terror* is more than a recount of battles won and lost; it's a story of courage, resilience, and the cost of justice. A must-read for fans of true crime and international intrigue. In *Reign of Terror*, Leo Silva masterfully recounts the rise and fall of the notorious and ultra-violent Los Zetas cartel. But more than just retelling the story, Leo's work is filled with inside information and insights that bring the reader into the world of those tasked with dismantling Los Zetas. Compelling. Leo brings profound humanity to the fight against the Zetas, a fight that brought both victories and tragedies, all of which are deeply felt by the reader. Jack Luellen, Author of *Someone Had to Die*, Podcast Host *Cartels, Conspiracies, and Camarena*.

The Way That Leads Among the Lost Angela Garcia, 2024-04-30 Based on over a decade of research, a powerful moving work of narrative nonfiction that illuminates the little-known world of the *anexos* of Mexico City: the informal addiction treatment centers where mothers send their children to escape the violence of the drug war. *The Way That Leads Among the Lost* reveals a hidden place where care and violence are impossible to separate. The *anexos* of Mexico City, the prizewinning anthropologist Angela Garcia takes us deep into the world of these small rooms, informal treatment centers for alcoholism, addiction, and mental illness spread across Mexico City's tenements and reaching into the United States. Run and inhabited by Mexico's most marginalized populations, they are controversial for their illegality and their use of coercion. Yet for many Mexican families desperate to keep their loved ones safe, these rooms offer something of a refuge from what lies beyond them: the intensifying violence surrounding the drug war. This is the first book ever written on the *anexos*. Garcia, who spent a decade conducting anthropological fieldwork in Mexico City, draws readers into their many dimensions, casting light on the mothers and their children who are entangled in this hidden world. Following the stories of its denizens, she asks what these places are, why they exist, and what they reflect about Mexico and the wider world. With extraordinary empathy and a sharp eye for detail, Garcia attends to the lives that the *anexos* both sustain and erode, wrestling with the question of why mothers turn to them as a site of refuge even as they reproduce violence. Woven into these portraits is Garcia's own powerful story of family, childhood, homelessness, and drugs, a blend of ethnography and memoir converging on a set of fundamental questions about the many forms and meanings that violence, love, care, family, and hope may take. Infused with profound ethnographic richness and moral urgency, *The Way That Leads Among the Lost* is a stunning work of narrative nonfiction, a book that will leave a deep mark on readers.

Peace, 1912 The Peace Forum John Wesley Hill, 1913 The Mexican Filmography, 1916 through 2001 David E. Wilt, 2024-10-17 Mexican cinema has largely been overlooked by international film scholars because of a lack of English language information and the fact that Spanish language information was difficult to find and often out of date. This comprehensive filmography helps fill the need. Arranged by year of release and then by title, the filmography contains entries that include basic information, film and translated title, production company, genre, director, cast, a plot summary, and additional information about the film. Inclusion criteria: a film must be a Mexican production or co-production; feature length, one hour or more; silent films, excepted; fictional documentaries and compilation films are not included unless the topic relates to Mexican cinema; some docudramas and films with recreated or staged scenes are included and theatrically released or intended for theatrical release.

From Colony to Nationhood in Mexico Sean F. McEnroe, 2012-06-18 In an age of revolution, Mexico's creole leaders held aloft the Virgin of Guadalupe and brandished an Aztec eagle perched upon a European tricolor. Their new constitution proclaimed the Mexican nation is forever free and independent. Yet the genealogy of this new nation is not easy to trace. Colonial Mexico was a patchwork state whose new world vassals served the crown, extended the empire's frontiers, and lived out their civic lives in parallel Spanish and Indian republics. There was a world of complex intercultural alliances, interlocking corporate structures, and shared spiritual and temporal ambitions. Sean F. McEnroe describes this history at the greatest and smallest geographical scales, reconsidering what it meant to be an Indian vassal, nobleman, soldier, or citizen over three centuries in northeastern Mexico. He argues that the Mexican municipality, state, and citizen were not so much the sudden creations of a revolutionary age as the progeny of a mature multiethnic empire.
