

# My Favourite Game

My favourite game is tennis. It is the game I like the best from my childhood. I prefer tennis to any other game because it is not risky as hockey, football or cricket. A ball in hockey may strike your bone and leave it broken for life. A hard kick at football may dislocate your leg and make you lame forever. In cricket, the ball may strike your head and break it or hurt your nose or teeth. Tennis is such a safe game that even a child can play it without breaking limb or muscle.

I take pride in playing tennis. I feel it is a game superior to all other games. Moreover, I derive pleasure and a lot of satisfaction from playing tennis than from any other game. A light game at tennis relieves you, brings you joy, fills you with relaxation of mind and gives you exercise sufficient for your bodily health.
