At its simplest *WILL OF MY OWN* is a memoir The author examines her life from the view point of an adult who has lived through growing up in a country where her family immigrated when she was barely a teenager Written with courage sincerity and nostalgia her story carries the reader through many twists of a life she tries to make sense of while trying to be a good daughter to her traditional minded parents and finding her own personal identity along the way Her complicated love hate relationship with a mother who keeps an exotic secret and old fashioned beliefs hang like a Damocles sword affecting and destroying the author's cherished relationships Fusun Atalay writes with forgiveness and understanding seeking peace with her past and with those who have wronged her In her poetic language she gives the reader a taste of her delightful childhood spent in a very different culture and the pain of being uprooted from it to live in North America The reader will enjoy peaking into lovely Turkish customs perspectives of an imaginative mind and sharing some personal poetry and journal pages Laced with the author's subtle humor and her philosophy on love life and moving forward this is a memoir you will enjoy reading a second time *Good Housekeeping*, 1900 *The Geographical Journal*, 1895 *London Society* James Hogg, Florence Marryat, 1864 *The Mathematician Sophus Lie* Arild Stubhaug, 2013-03-09 Sophus Lie 1842-1899 is without doubt one of Norway's greatest scientific talents His mathematical works have made him famous around the world no less than Niels Henrik Abel The terms Lie groups and Lie algebra are today part of the standard mathematical vocabulary In his comprehensive biography the author Arild Stubhaug let us come close to both the person Sophus Lie and his time We follow him through childhood at the vicarage in Nordfjordeid his growing up in Moss school and studying in Christiania travelling in Europe and his contacts with the leading mathematicians of his time The academic and scientific career brought Lie from Christiania to Leipzig as professor before the attempt to call him back to Norway when she stood on the threshold to
