Ovid,1919 **Adam & Eve from Darkness into the Light** Michael T. Stargrove,2021-10-08 Here I am now in the twenty third century The universe has not changed in more than two hundred years There is still one race of beings trying to enslave another For me the grandchild of former slaves my journey began in the 1940s with a light in the sky Visiting a small town in the Southwest United States I was captured by an alien life form and altered by experiments by the aliens Now the year was 2268 I was now in my grandparents shoes a slave to these Homo reptilian This alien life had set out to make the human race extinct I was now a mere sexual toy for their pleasure a pawn of a mother and daughter to be fought over I was sucked dry mentally and physically by these females The subject of a betrayal by people in the human Alliance They took from me what it took me a lifetime to build Once I had been enslaved I was fixed with both a physical and emotional ball and chain then placed in an already made family with six daughters These females had altered my life in never ending ways Because of them I found myself being chased across the universe by these Homo reptilians and the human betrayers in the Alliance Slavery had brought seven beautiful and brilliant females into my life Also it had melded two worlds into one world Because of this my world had become a hell of a lot more dangerous than ever Star Patrol 3 James A. Connell,2012-05-18 This part of the story begins several months after Man s colonies and the Earth itself have been invaded from outside the realm of human worlds by alien creatures called Globes They have but one purpose to breed Globes are able to manipulate energy in the same way Human made machines can allowing them to move in space and discharge that energy towards the destruction of human defenses namely the Star Patrol s Fleet of defending Starships Their fearless offspring voracious nine foot long killers known as Slimers can infest the surface of a planet destroying and devouring all other lifeforms they encounter With Globes and Slimers threatening Mankind with extinction they find that they are not the only enemy Humans still conspire against their fellow humans for control and dominance A soldier Mary Como a Doctor Samantha Wilson and the crew of the ancient Starship Pegasus were early participants of the war and although Mary and the others were once affiliated with the Star Patrol they have since pulled away from that organization and what they perceive to be a deep rooted corruption of the Patrol s hierarchy However unable to completely distance themselves they find they are in an uneasy alliance with their former Commanding Officer Louis Chen Admiral Rat With known and unknown human forces against them as well as Globes and Slimers Mary feels that it might be better to be allied with the still powerful Star Patrol than to continue on their own as make believe Pirates After a medical mission with an unexpected encounter with Slimers in the outer reaches of the solar system Mary and her crew take over an abandoned Star Patrol Base in the North American Rockies Settling into their new home they begin to feel some semblance of peace and quiet It isn t long before bounty hunters mercenaries unexpected rescue missions and more encounters with Globes and Slimers make their lives more than interesting once again Now the

Admiral wants them to help train commandos One particular favor for the Admiral leads them into conflict with an old enemy Anton Spect and his Hades Empire At first they are unaware of the political maneuvering forming against them but it will take all of their intelligence and cunning to overcome this latest threat Maybe it s time to become real pirates but even that may not be enough to save them Meanwhile the endless War Against the Globes rages across the Earth Some feel it s the Star Patrol s job to end that conflict but neither the Globes Slimers or the Human enemies are willing to allow them enough time to act
