Sometimes the inspiration comes from folklore such as a shapeshifting hare or pagan aspects of a harvest festival In one story the fantasy is based on a dream another describes a frightening train journey Memory is often important people look back on their younger lives trying to make sense of the past Structure is crucial in a short story Some of these are narrated in a caf a pub or a club The reaction of the listeners is significant Sometimes characters are reading an old journal a series of letters a recommended book or a poem set for homework How do they respond Three stories may be categorised as flash fiction They comprise only about 250 words each and are attempts to develop the possibilities of this format **The Fear** Spencer Hamilton,2020-08-11 Two women quarantined together A world falling into chaos When a virus sweeps across the globe cities and entire countries shut down overnight The Fear zooms in on a married couple Ash and Jack in one small apartment growing restless and claustrophobic and paranoid People are dying in droves Governments are toppling imploding lashing out Martial law police states riots bioterrorism No one knows what to believe who to trust As the horror ramps up to apocalyptic levels Jack is slowly unraveling She shuts herself away and fears everything Fears the virus has crawled its way inside down her throat into the lining of her stomach Ash is afraid too afraid of what her increasingly erratic wife will do to her In a pandemic none of us are ready for should we fear the outside world or what s waiting within **Library Journal**,1917 Exploring Diary Methods in Higher Education Research Xuemeng Cao,Emily F. may have on themselves and on American society at large This book will be of interest to specialists in American Studies to students in literature communication psychology and sociology as well as to anyone endeavoring to understand the new set of practises created by Internet users in America *Life Without Summer* Lynne Griffin, 2009-04-14 Spellbinding Griffin's carefully crafted characters ring heartbreakingly true and her finely wrought plot will snare readers from the first page Publishers Weekly starred review *Life Without Summer* tells the story of Tessa a mother who has just lost her four year old daughter in a hit and run accident and the grief counselor Celia who tries to help her to put her life back together When their lives begin to intersect in powerful and unexpected ways they discover that the answers one needs might be the other's only chance for peace Each woman's intensely personal journey reverberates with universal themes about the connections between love marriage truth and forgiveness that no reader will forget This stirringly believable epistolary novel will be a strong addition to women's fiction Booklist A remarkable debut novel Kristin Hannah New York Times bestselling author of *True Colors* An insightful honest book about the nature of grief loss love marriage and divorce a compelling novel of character and of life Jeanne Ray New York Times bestselling author of *Julie and Romeo* and *Eat Cake* Griffin is a master of the crisp and telling detail and her troubled main characters are wonderfully human Martha Moody national bestselling author of *Best Friends* and *The Office of Desire* Absorbing and deftly plotted Margot Livesey author of New York Times Notable Book *Eva Moves the Furniture* and *Banishing Verona* [The Terullian Chronicles Part 1 - The Legend of the Journal](#), 30N79w Cameron Willey, 2018-02-15 It is hard to say where this story or most any story actually begins As so many others though this story began as a love story But perhaps this tale like most begins already underway with a constant eye toward where and when it all started Keep in mind that what has passed as much as we would oftentimes like to leave it in the past may always be with us in the present supervising influencing if not altogether controlling our present and our future We try to sometimes ignore resist or at least manage its muscle but only occasionally do we succeed Like the O J Simpson Nicole Brown Ron Goldman case we know how the trial ended but the case continues The reader should also keep in mind that every adventure is more of an adventure than writing or reading about it [A New English Dictionary on Historical Principles](#) James Augustus Henry Murray, 1919
