Kinds of American Film Comedy Wes D. Gehring, 2024-02-14 This groundbreaking film study begins with a survey of American print humorists from eras leading up to and overlapping the advent of film, including some who worked both on the page and on the screen, like Robert Benchley, Will Rogers, Groucho Marx, and W. C. Fields. Six comic film genres are identified as outgrowths of a national tradition: Cracker Barrel philosophy, personality comedy, parody, screwball comedy, romantic comedy, and dark comedy. Whether it is Mark Twain or a parody film involving Steve Martin, comedy is most often about blowing raspberries at the world and a reminder you are not alone.

Currents of Comedy on the American Screen Nicholas Laham, 2014-01-10 This book analyzes the evolution of film and television comedy from the 1930s through the present, defining five distinct periods and discussing the dominant comedic trends of each. Chapters cover the period spanning 1934 to 1942, defined by screwball comedies that offered distraction from the Great Depression; the suspense comedy reflecting America's darker worldview during World War II; the 1950s battle of the sexes comedy; the shift from the physical exaggerated comedy of the 1950s to more realistic plotlines and the new suspense comedy of the 1970s and 1980s, focusing on the popular dumb cop or dumb spy series along with modern remakes including 2006's *The Pink Panther* and 2008's *Get Smart*.

American Cinema of the 2000s Timothy Corrigan, 2012-04-15 The decade from 2000 to 2009 is framed at one end by the traumatic catastrophe of the 9/11 attacks on the World Trade Center and at the other by the election of the first African American president of the United States. In between, the United States and the world witnessed the rapid expansion of new media and the Internet, such natural disasters as Hurricane Katrina, political uprisings around the world, and a massive meltdown of world economies. Amid these crises and revolutions, American films responded in multiple ways, sometimes directly reflecting these turbulent times and sometimes indirectly couching history in traditional genres and stories. In *American Cinema of the 2000s*, essays from ten top film scholars examine such popular series as the groundbreaking *Matrix* films and the gripping adventures of former CIA covert operative Jason Bourne; new offbeat films like *Juno*; and the resurgence of documentaries like Michael Moore's *Fahrenheit 9/11*. Each essay demonstrates the complex ways in which American culture and American cinema are bound together in subtle and challenging ways.
