Emotional State Theory Friendship And Fear In Israeli Foreign Policy:

Emotional State Theory Christopher L. Schilling, 2015 This book develops emotional state theory as a new contribution to international relations theory IR The text addresses the State of Israel vis vis the rest of the world The rationale for this research perspective stems from the trajectory of Israeli state building since its foundation in May 1948 to the present date This trajectory is constructed reflecting the trauma of the past and dreams about the future Both contribute decisively to a better understanding of the current image and position of the state of Israel The reference builds on two great Jewish thinkers works Theodor Herzl and his book The Jewish State and Sigmund Freud s The Interpretation of Dreams The author argues that despite the fact that both never met taken together their ideas lend themselves to shed light on and offer an explanation for Israel s troubled and uncertain position in current international relations The resulting question underlying this work on the emotionality of states and its impact on international relations is therefore whether Israel is still in a process of dreaming and whether it is therefore to be understood a state which has not yet woken from the trauma of the Jewish past Not a dream s fulfilment of an end of the Diaspora but a nightmare based on this experience Drawing on these two parallel and rather influential texts Schilling rephrases the leading questions of this book as this Has Israel developed an understanding of itself which sees the country as a modern state among the nations which is dealing with its neighbors or rather does Israel understand itself more as being like a ghetto that is still surrounded by a hostile world Has Israel become a strong self confident country or has it continued with the nervousness of the Diaspora Jews to become a state with an emotional problem

Liebe und Macht in der deutsch-amerikanischen Sicherheitsbeziehung 2001-2003 Tim Griebel, 2016-09-15 Wieso wandelt sich Kooperation in Konflikt Wie lässt sich der dynamische Wechsel in der deutsch-amerikanischen Sicherheitsstruktur in Afghanistan und im Irak erklären Dieses Problem geht weit über den konkreten Gegenstand hinaus übertrifft es doch auch grundlegende Fragen etwa die nach der menschlichen Natur oder jene nach dem Verhältnis von Akteur und Struktur bzw von Ideen und Materie

Auch die Möglichkeiten und Grenzen wissenschaftlicher Analysen bedürfen einer Reflexion. Auf Basis des Critical Realism stellt sich Tim Griebel diesen Fragen und rekonstruiert die Dynamik von Liebe und Macht innerhalb einer historischen Sicherheitsstruktur mithilfe einer korpuslinguistischen kritisch realistischen Diskursanalyse. Secret Diplomacy Corneliu Bjola, Stuart Murray, 2016-04-14 This volume investigates secret diplomacy with the aim of understanding its role in shaping foreign policy. Recent events including covert intelligence gathering operations, accusations of spying and the leaking of sensitive government documents have demonstrated that secrecy endures as a crucial yet overlooked aspect of international diplomacy. The book brings together different research programmes and views on secret diplomacy and integrates them into a coherent analytical framework, thereby filling an important gap in the literature. The aim is to stimulate, generate and direct the further development of theoretical understandings of secret diplomacy by highlighting gaps in existing bodies of knowledge. To this end, the volume is structured around three distinct themes: concepts, contexts and cases. The first section elaborates on the different meanings and manifestations of the concept; the second part examines basic contexts that underpin the practice of secret diplomacy; while the third section presents a series of empirical cases of particular relevance for contemporary diplomatic practice. While the fundamental conditions diplomacy seeks to overcome—alienation, estrangement and separation—are imbued with distrust and secrecy, this volume highlights that if anything, secret diplomacy is a vital, if misunderstood and unfairly criticised, aspect of diplomacy. This book will be of much interest to students of diplomacy, intelligence studies, foreign policy and IR in general. **American Book Publishing Record**, 2006 The New York Times Index, 2008 **Community Development Abstracts** Sociological Abstracts, inc., New York, 1964 *Economic Impact of the Persian Gulf Crisis* United States.
