We are the Leaders We've Been Waiting For Julie E. Owen, 2023-07-03 At this time of social flux of changing demographics on campus

and the world beyond of recognition of intersectional identities as well as the wide variety of aspirations and career goals of today's women undergraduates how can colleges and universities best prepare them for the demands of modern leadership This text speaks to the changing context of today's women students experiences recognizing that their work life goals may go beyond climbing the corporate ladder to include social innovation and entrepreneurial goals policy and politics and social activism This book is a product of multiple collaborations and intellectual contributions of a diverse group of undergraduate and graduate women who helped shape the course on which it is based They provided research support critical readings as well as the diverse narratives that are included throughout the book not as an ideal for readers to aspire to but as an authentic expression of how their distinct and sometimes non conforming lived experiences shaped their understandings of leadership It goes beyond hero she ro person centered approaches to get at the complex and intrapersonal nature of leadership It also situates intersectional identities critical consciousness and student development theory as important lenses throughout the text Recognizing that there are many possible manifestations of leadership or gender this text encourages students to embrace the contradictions rather than engaging in dualistic black and white thinking challenging them to address such questions as Should women lean in and work harder to achieve their own leadership goals or should they focus on bigger systemic issues to create equity in the workplace Each chapter concludes with a brief chapter review a narrative from a current college student and critical reflection questions

Engaging Images for Research, Pedagogy, and

Practice Bridget Turner Kelly, Carrie A. Kortegast, 2023-07-03 This book introduces practitioners and researchers of student affairs to the use of images as a means to gaining new insights in researching and promoting student learning and development and understanding the campus environment Visual research methods can surface and represent ideas in compelling ways and augment the traditional written word and numerical data methodologies of social science research The purpose of this book is to provide informative rich examples of the use of visuals to understand and promote college student development research pedagogy and practice With the increased accessibility of cameras the ability to engage in image production has become widely available Individual including college students faculty and administrators narrate the social world in new ways using visuals While on the one hand students are using images to mobilize around social issues on campus on the other institutionally produced visual artifacts send messages about institutional culture and values In promoting visual literacy this book offers new opportunities for student development administrators and faculty to utilize the visual sensory modality and image based artifacts to promote student success and belonging which are critical outcomes of higher education The book is divided into three sections research pedagogy and practice The first makes the case for adding visual methods to the researcher's toolbox describing past uses and outlining a theoretical approach to visual methods and methodologies in higher education research The pedagogical section demonstrates different and creative ways for educators to think about how subjects such as social justice might be taught and how educators can draw upon new changing

modalities in their existing pedagogies and frameworks and it illustrates how visual based pedagogies can prompt students to new understandings about the content of their course of study The concluding section describes how student development professionals can also utilize visual methods to provide students with out of classroom learning opportunities and as a means to stimulate student reflection and identity development It also explores how visual methods can serve a way for practitioners to reflect on their professional practice and use of theory in their work Intended for higher education educators researchers and practitioners who teach research and promote college student development and learning this book could also be used in student affairs and higher education courses and professional development workshops *Emotional Intelligence And Academic Achievement Among Intermediate Students* Ramana Koppula,
