

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

Dubeck,Yasmin Sitabkhan,Christopher Cummiskey,Devanshi Unadkat,2023-05-15 This paper contains a new analysis of gender differences in early grade reading and mathematics outcomes in 19 USAID funded studies over the past decade from 14 locations in Africa Asia Latin America and the Middle East The paper addresses gaps in the literature related to learning patterns for girls and boys in lower and middle income countries and in early primary school We analyzed the results from reading and mathematics assessments in grades 2 and 3 including differences in oral reading fluency ORF and quantitative comparison scores between boys and girls as well as differences in score distributions by gender In line with results from assessments in upper grades and in wealthier countries we found that girls consistently outperformed boys in reading In mathematics boys slightly outperformed girls although the differences were typically not large Global experience has shown that patterns in poor performance become more entrenched the further learners progress through the grades suggesting that early interventions for boys in reading and girls in mathematics could have long term benefits At the same time both girls and boys typically score below expectations in the two subjects across countries necessitating targeted strategies to improve outcomes for both genders early in their educational trajectories **The Post-Mobile Society** Hidenori

Tomita,2016-04-14 With the spread of mobile augmented reality it has become very difficult to consider digital space and physical space independently In this book the authors identify and discuss the state Second Offline which refers to a real

world environment whose elements are augmented by virtual information and one in which individuals are constantly referring to the online world Second Offline is observed across a wide range of social contexts and the relationship between superimposed digital online information and physical offline information is increasingly important This book analyses the cooperative relationship between online and offline and also examines situations where there may be a conflict between these realities Furthermore the authors discuss the possibility that in addition to influencing the physical space the digital world actually causes some of the physical world to be lost Offering a discussion of the implications of a post mobile society in which second offline is widespread this edited collection will be of interest to students scholars and practitioners working in sociology mobile media and cultural studies more generally **Resources in Education** ,1998 *Creative Writing Across the Curriculum* Justin Nicholes,2022-11-02 Situated among fields applied linguistics creative writing studies writing studies this book empirically explores the language of writers in contexts of learning externalized in literary genres At its core this book features linguistic and thematic analysis of the writing and reflections of adults who experienced what they usually described as meaningful CW in university coursework sometimes in science and research focused courses where they might not have expected to compose a literary genre In addition to synthesizing empirical studies that in total included more than 3 500 participants chapters present new research involving about 400 more This book is meant to be substantial in its goal of systematically organizing what is known about CW s relationship to writers in terms of feelings of engagement gains in content knowledge and revelations about oneself and others *Substance Misuse Prevention Program Attendance* Marni L. Kan,Hsiu Chen Yeh, Lisa M. Schainker,Jessica Nelson,Samantha Charm,Cleve Redmond,Richard Spoth,2022-12-19 Typical life circumstances for military families may impact their participation in prevention programs yet little is known about what factors influence their participation The current study examined predictors of attendance in the Strengthening Families Program For Parents and Youth 10 14 for Military Families a universal in person program designed to improve family functioning and reduce youth substance misuse and other problem behaviors Participants included 159 parent child dyads randomly selected to be offered the 7 week family program Analyses examined demographic characteristics deployment experiences time spent waiting for the program to begin and psychosocial functioning as predictors of attendance in a series of regression models Of the 39 percent of families that attended any program sessions the majority 71 percent attended at least four of the seven sessions Attendance varied significantly across the geographic areas in which groups were held Prior service utilization youth conduct problem behavior parental history of deployment and family conflict were each positively associated with attendance whereas parent tobacco use was negatively associated with attendance These results highlight the challenges in recruiting military families into in person prevention programs and suggest that extra efforts may be needed to engage families that do not perceive that they have a need for support **Comprehensive Curriculum of Basic Skills, Grade 4** Thinking Kids,Carson-Dellosa Publishing,2016-03-07 Comprehensive Curriculum of Basic Skills for grade 4

Dhital, 2024-12-12 This book offers a groundbreaking account of the role of media technologies in Indian nationalism and democracy From the Brexit referendum in 2016 to the phenomenon of Trumpism there has been much speculation about the role played by new media in an apparent return of illiberal politics and primordial identities Dhital argues these developments could best be understood by not taking identity for granted as a static and exclusive form of affiliation She also emphasises how the technical and material are interwoven into human thought and action rather than acting upon them externally She accordingly focuses on the technopolitical means by which groups have been ventriloquised during critical periods in Indian political history across various media from newspapers and magazines to radio broadcasts speeches and online platforms Chapters cover prison writing produced during the emergency of 1975-77 regulation of public speech during the 2014 general election and the Citizenship Amendment Act protests of 2019-20 Through these case studies Dhital works towards an alternative more reflexive basis for popular representation one that does not sacralise the people and assume power in their name
