The Emerald Handbook of ICT in Tourism and Hospitality Azizul Hassan, Anukrati Sharma, 2020-11-30 The Emerald Handbook of ICT in Tourism and Hospitality incorporates key research findings in depth case studies and discussion of the future implications stemming from technologies changes and developments across a number of core themes

Women in Bengal Sudarshana Sen, 2024-07-26 This book analyses the status of women in Bengal India by examining the versatile everyday living conditions of women and how they are represented as individuals and as a category in the media Contributors to the book start their discussion from the point that women in India have a varied experience of living thinking and acting specific to the regional cultural context Caste ideology specified privileges and sanctions according to innate attributes differ by sex as well as ethnicity class caste minority status and marginal position intersect lives and render unique life experiences With a focus on women and their lived experiences performances by them and performances imitating women's roles the book offers a complex and rich analysis of the reality of women's lives based on research and reflections by 25 scholars Organised into two sections the book presents women in reality their living conditions struggles and women as represented in films stories framed in plots sometimes by women and sometimes by men The chapters provide insights on how institutionalised gender distinctions create subordination and marginality of women and their struggles to survive in a society dominated by heteropatriarchal ideology and its practice This book improves our understanding of various dimensions of gender and transgender relations in India It will be of interest to researchers in Gender Studies South Asian Culture and Society and Studies on India

Discourse, Conversation and Argumentation: Theoretical Perspectives and Innovative Empirical Studies, volume III Antonio Bova, Carlo Galimberti, Francesco Arcidiacono, Lise Haddouk, 2024-10-30 This Research Topic is the third

volume of Research Topic Discourse Conversation and Argumentation Theoretical Perspectives and Innovative Empirical Studies Please see the second volume here Also please see the first volume here As members of a social world within which interaction needs and communicative tools are intertwined in a series of situated relationships interactions between individuals but also between groups and between institutions emerges from the beginning of life Thinking about how we participate in an interaction through verbal and non verbal exchanges allows us to focus on explicit and implicit norms on personal and collective preferences on subjective and interpersonal theories and on social processes of construction of meaning that characterize the communicative interactions Although discursive conversational and argumentative interactions play an essential role in our lives there is no integrated area of psychological research on these types of communicative interactions A wide variety of works is available concerning the focus on the different roles played by social actors within the interactions symmetric asymmetric protagonist antagonist teacher learner as well as the interest for the constitutive aspects of the interactions emotional motivational cognitive or developmental factors skills competences knowledge However research on discourse conversation and argumentation is conducted in a number of separate research communities that are spread across disciplines and have only limited intertwinement We believe as necessary to create a space for open dialogue within the community of researchers interested in discourse conversation and argumentation from a psychological perspective [Examcart NDA/NA Maths & GAT 36 Chapter-wise Solved Papers for 2024 Exam in English](#)

Swain,Deepak R. Mishra,Stefano Vignudelli,Christine M. Lee,Domenico D'Alelio,2022-04-19 **West Bengal and the Federalizing Process in India** Marcus F. Franda,2015-12-08 Since its independence in 1947 India as a large diverse and rapidly changing country has had to meet federalizing problems of a magnitude unprecedented in history The result has been a process that combines modifies and transforms many established ideas about federalism Professor Franda deals with the complexities of India s experience by analyzing the politics of center state relations as they affect one Indian state He explores the various ways in which central and state leadership groups in India and West Bengal have developed working relationships and examines the effect of state and regional political economic and social conditions on the evolution of center state behavior patterns Originally published in 1968 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **2017 Staff Guidance Note on the Fund's Engagement with Small Developing States** International Monetary Fund. African Dept.,International Monetary Fund. Asia and Pacific Dept,International Monetary Fund. European Dept.,International Monetary Fund. Fiscal

Affairs Dept.,International Monetary Fund. Legal Dept.,International Monetary Fund. Middle East and Central Asia Dept.,International Monetary Fund. Monetary and Capital Markets Department,International Monetary Fund. Western Hemisphere Dept.,2018-01-26 This guidance note highlights the unique economic characteristics and constraints facing small developing states It provides operational guidance on Fund engagement with such countries including on how small state characteristics might shape Fund surveillance and financial support program design capacity building activities and collaboration with other institutions and donors The note updates the previous version that was published in May 2014 It incorporates modifications resulting from Board papers and related Executive Board discussions that have taken place since the March 2013 Board papers on small states which provided the foundations of the original guidance note Based on these inputs five key thematic areas G R O W TH have been identified as central to the policy dialogue Growth and job creation With small states experiencing relatively weak growth since the 1990s Fund staff working on small states should ensure an explicit focus on growth in both surveillance and program related work Resilience to shocks Small states experience higher macroeconomic volatility and more frequent natural disasters Staff should be ready to advise on how to tailor macroeconomic policies to provide greater resilience to shocks and climate change Overall competitiveness Options to improve relative prices may include exchange rate adjustment where possible or measures supportive of internal devaluation if not and efforts to improve the business climate including through regional initiatives Workable fiscal and debt sustainability options With many small states having very high debt burdens reducing debt to manageable levels requires sustained fiscal consolidation with supporting policies and structural reforms In cases where the amount of adjustment needed to restore debt sustainability is not feasible or adequate financing is not available debt restructuring may be needed Thin financial sectors Developing deeper and more competitive yet sound financial sectors contributes to macroeconomic stability and enhances the effectiveness of policy interventions while strengthening competitiveness by improving business access to financial services *Positive organizational psychology and leadership in organizational behavior and culture* Gozde

Sezen-Gultekin,Osman Titrek,Ana Campina,Carlos Francisco De Sousa Reis,2023-10-06 *Orchestration of Learning Environments in the Digital World* Dirk Ifenthaler,Pedro Isaías,Demetrios G. Sampson,2022-01-31 This volume focuses on the implications of digital technologies for educators and educational decision makers that are not widely represented in the literature The chapters contained in the volume are based on the presentations at the 2020 edition of the CELDA conference and cover multiple developments in the field such as deploying learning technologies proposing pedagogical approaches and practices to address digital transformation and presenting case studies of specific technologies and contexts The chapters form a lively debate and provide a comprehensive analysis of the contribution of learning technologies designed to improve the learning process and the experience of the students as well as to develop key competences **Plastic Surge: 6**

Transformative Work Design Sharon K. Parker, 2025 How do we create healthy meaningful and productive work in the face of hybrid work models shifting careers technological advances an aging workforce and other such major contemporary changes Transformative Work Design explores this crucial question by presenting a thorough evidence based view of work design With contributions from 49 highly eminent authors in the field across 25 chapters it synthesizes research on how work design influences critical outcomes like worker motivation mental health well being and job performance for individuals and teams The book also covers key methodologies for studying work design and explores new areas of research For instance authors explore how work design can shape identity and personality development moving beyond the usual focus on wellbeing and performance outcomes Additionally the book shifts the traditional emphasis from understanding the outcomes of work design to unpacking the antecedents of work design Chapters explore how various individual team organizational and global factors shape the way people s work is designed laying the foundation for understanding how to successfully redesign work Picking up this perspective several chapters focus on how to change work design By discussing top down work redesigns such as self managing teams and bottom up approaches like playful work design and job crafting pathways to creating better work are identified A final section highlights critical issues raised by large scale technological and demographic shifts such as remote working trends population aging and rapid digitalization
