Enigmatic Pilot A Tall Tale Too True:

Enigmatic Pilot Kris Saknussemm, 2011-03-22 *Enigmatic Pilot* is Kris Saknussemm's outrageously brilliant yet profoundly moving exploration and excavation of the American dream and nightmare. In 1844 in a still young America the first intimations of civil war are stirring throughout the land. In Zanesville Ohio the Sitturd family Hephaestus a clubfooted inventor his wife Rapture a Creole from the Sea Islands and their prodigiously gifted six year old son Lloyd whose libido is as precocious as his intellect are forced to flee the only home they have ever known for an uncertain future in Texas whence Hephaestus's half brother Micah has sent them a mysterious invitation promising riches and wonders too amazing to be entrusted to paper. Thus begins one of the most incredible American journeys since Huck Finn and Jim first pushed their raft into the Mississippi. Along the way Lloyd will learn the intricacies of poker and murder solve the problem of manned flight find and lose true love and become swept up in an ancient struggle between two secret societies whose arcane dispute has shaped the world's past and threatens to reshape its future. Each side wants to use Lloyd against the other but Lloyd has his own ideas and access to an occult technology as powerful as his imagination.

The Lost Civilization Enigma Philip Coppens, 2012-10-22 An examination of archaeological controversies with arguments showing evidence of prehistoric civilizations not recorded as part of human history. Are history books giving us the whole story? Or is civilization far more complex and older than we have been taught? Our school textbooks barely mention the 6 000 year old Sumerian civilization yet the latest archaeological findings at sites such as Jericho and most recently Gobekli Tepe in Turkey have been dated to 10 000 BC. Civilization goes back at least another 10 000 years if we are willing to believe what our ancestors themselves claimed. *The Lost Civilization Enigma* reveals the truth about lost magnitudes to known cultures such as the Bosnian Pyramids and the civilization of Old Europe. The fabled lost golden cities of South America and the Amazon which are slowly being rediscovered. Fascinating examples of lost technology such as the Antikythera Device Atlantis and the fact that it was a real civilization. Analyzing the historical and archaeological record best selling author Philip Coppens demonstrates that there is substantial evidence that civilization is far older far more advanced and far more special than is currently accepted. Clearly our history books have left out a great deal.
