integrating our shadow allows its transformation in both the world and us The Shadow is a paradox While it initially appears to us as loathsome and despicable it actually contains all our future potentialities for development Perhaps more than any other Robin Robertson discusses it from a the perspective of a belief in the inherent potential good of the Shadow and its ability to assist us in our quest for self actualization Robin Robertson draws from stories of real people s lives the Bible fairy tales and legends modern fiction and the work of famed depth psychologist C G Jung as well as his own experiences His writing is intimate and accessible and his insights and wisdom are conveyed in anecdotal and easy to understand language with clarity and depth
