Steam Plant Tennessee Valley Authority,1959 The Johnsonville Steam Plant is the second steam electric project to be built
by TVA The first Watts Bar Steam Plant was built as a part of TVA s first emergency program of the World War II period
Construction of the Johnsonville Steam Plant with generating units of 125 000 kilowatt capability began in May 1949 It was
the first of seven large steam electric projects constructed over a span of eight and a half years including the Korean War
period This mammoth building program resulted mainly from the increased power demands of the Atomic Energy
Commission and other Federal defense agencies Additional electric energy was required also by the expanding programs of
private industry and the increased needs of commercial and domestic consumers in TVA s service area Consolidated Feed
