**The Nixon Conspiracy** Geoff Shepard, 2021-11-23 As seen on Tucker Carlson Geoff Shepard s shocking expos of corrupt collusion between prosecutors judges and congressional staff to void Nixon s 1972 landslide reelection Their success changed the course of American history Geoff Shepard had a ringside seat to the unfolding Watergate debacle As the youngest lawyer on Richard Nixon s staff he personally transcribed the Oval Office tape in which Nixon appeared to authorize getting the CIA to interfere with the ongoing FBI investigation and even coined the phrase the smoking gun Like many others the idealistic Shepard was deeply disappointed in the president But as time went on the meticulous lawyer was nagged by the persistent sense that something wasn t right with the case against Nixon The Nixon Conspiracy is a detailed and definitive account of the Watergate prosecutors internal documents uncovered after years of painstaking research in previously sealed archives Shepard reveals the untold story of how a flawed but honorable president was needlessly brought down by a corrupt deep state big media alliance a circumstance that looks all too familiar today In this hard hitting expos Shepard reveals the real smoking gun the prosecutors secret but erroneous Road Map which caused grand jurors to name Nixon a co conspirator in the Watergate cover up and the House Judiciary Committee to adopt its primary Article of Impeachment Shepard s startling conclusion is that Nixon didn t actually have to resign The proof of his good faith is right there on the tapes Instead he should have taken his case to a Senate impeachment trial where if everything we know now had come out he would easily have won
