Why History Education? Nadine Fink, Markus Furrer, Peter Gautschi, 2023-08-22 Sinn und Zweck der Geschichte werden immer wieder neu hinterfragt weil sich Gesellschaften ständig neu verorten Davon ist der Geschichtsunterricht direkt betroffen Warum Geschichtsunterricht Autor innen aus 18 Ländern und vier Kontinenten fragen daher nach der Bedeutung des Geschichtsunterrichts aus unterschiedlichen Perspektiven mit theoretischen Überlegungen und Modellen mit Bezügen aus der Unterrichtspraxis und Erkenntnissen aus der Forschung Die Publikation präsentiert eine ganze Reihe von Gründen warum Geschichte heute unbedingt unterrichtet werden muss Sie liest sich als Plädoyer für einen kompetenten Umgang mit Geschichte in heutigen Gesellschaften

A History of Literacy Education Robert J. Tierney, P. David Pearson, 2021 In this volume two notable scholars trace the monumental shifts in theory research and practice related to reading education and literacy with particular attention to what they consider the central goal of literacy making meaning Each section describes a specific epoch including a brief snapshot of how the reader of that period is envisioned and characterized by researchers and teachers as well as a deep discussion of the ideas and contextual events of that era These developmental waves are organized

in rough historical sequence by a series of shifts in underlying theoretical and scholarly lenses from the behavioral to the psycholinguistic to the cognitive to the sociocultural to the critical to the multimodal to the global The book closes with a discussion of the various research frames and methodological approaches that paralleled these developments Throughout there is a profound recognition that all research and practice are ultimately directed toward how students make meaning from sound to letter to word to ideas and images Book Features Animates some of the revolutionary developments related to reading education and literacy in modern times Each development is accompanied by a discussion of the aspirational reader that sets the stage for contemplating these shifts and their significance Traces the research and theoretical developments to illustrate the origins of the shifts and their influences Supported by a website with video lectures and conversations tied to the various waves of development

What Is Ancient History? Walter Scheidel, 2025-04-22 From one of today's most innovative ancient historians a provocative new vision of why ancient history matters and why it needs to be told in a radically different global way It's easy to think that ancient history is well ancient history obsolete irrelevant unjustifiably focused on Greece and Rome and at risk of extinction In *What Is Ancient History* Walter Scheidel presents a compelling case for a new kind of ancient history a global history that captures antiquity's pivotal role as a decisive phase in human development one that provided the shared foundation of our world and continues to shape our lives today For Scheidel ancient history is when the earliest versions of today's ways of life were created and spread from farming mining and engineering to housing and transportation cities and government writing and belief systems Transforming the planet this process unfolded all over the world in Eurasia Africa and the Americas often at different times sometimes haltingly but ultimately unstoppably Yet it's rarely studied or taught that way Since the eighteenth century Western intellectuals have dismembered the ancient world driven not only by their quest for professional expertise but also by nationalism colonialism racism and the idealization of Greece and Rome Specialized scholarship has fractured into numerous academic niches obscuring broader patterns and dynamics and keeping us from understanding just how much humanity has long had in common The time has come Scheidel argues to put the ancient world back together by moving beyond the limitations of Greco Roman classics by systematically comparing ancient societies and by exploring early exchanges and connections between them The time has come in other

words for an ancient history for everyone **The Colonial Past in History Textbooks** Karel Van Nieuwenhuyse, Joaquim Pires Valentim, 2018-05-01 This book examines the evolving representations of the colonial past from the mid 19th century up to decolonization in the 1960s and 70s the so called era of Modern Imperialism in post war history textbooks from across the world The aim of the book is to examine the evolving outlook of colonial representations in history education and the underpinning explanations for the specific outlook in different former colonizer and colonized countries to be found in collective memory popular historical culture social representations identity building processes and the state of historical knowledge within academia The approach of the book is novel and innovative in different ways First of all given the complexity of the research an original interdisciplinary approach has been implemented which brings together historians history educators and social psychologists to examine representations of colonialism in history education in different countries around the world while drawing on different theoretical frameworks Secondly given the interest in the interplay between collective memory popular historical culture social representations and the state of historical knowledge within academia a diachronic approach is implemented examining the evolving representations of the colonial past and connecting them to developments within society at large and academia This will allow for a deeper understanding of the processes under examination Thirdly studies from various corners of the world are included in the book More specifically the project includes research from three categories of countries former colonizer countries including England Spain Italy France Portugal and Belgium countries having been both colonized and colonizer Chile and former colonized countries including Zimbabwe Malta and Mozambique This selection allows pairing up the countries under review as former colonizing colonized ones for instance Portugal Mozambique United Kingdom Malta allowing for an in depth comparison between the countries involved Before reaching the research core three introductory chapters outline three general issues The book starts with addressing the different approaches and epistemological underpinnings history and social psychology as academic disciplines hold In a second chapter evolutions within international academic colonial historiography are analyzed with a special focus on the recent development of New Imperial History A third chapter analyses history textbooks as cultural tools and political means of transmitting historical knowledge and representations across generations The next ten chapters form the core of the book in which evolving representations of colonial history from mid 19th century until decolonization in the 1960s and 1970s are examined explained and reflected upon for the above mentioned countries This is done through a history textbook analysis in a diachronic perspective For some countries the analysis dates back to textbooks published after the Second World War for other countries the focus will be more limited in time The research presented is done by historians and history educators as well as by social psychologists In a concluding chapter an overall overview is presented in which similarities and differences throughout the case studies are identified interpreted and reflected upon **The Wiley International Handbook of History Teaching and Learning** Scott Alan Metzger, Lauren McArthur Harris, 2018-04-10 A comprehensive review of the
